difficult past Exploring representations of memory including personal life stories literature museum exhibits and acts of commemoration he argues that these representations are defined by a struggle to reconcile worthiness with the political upheavals of the Mao years These memories however are used by the state to construct an official narrative that weaves this generation s experiences into an upbeat story of the China dream This marginalizes those still suffering and obscures voices of self reflection on their moral political responsibility for their actions Xu provides careful analysis of this generation of Chairman Mao s children caught between the political and the personal past and present nostalgia and regret and pride and trauma

A Poet and Bin-Laden Hamid Ismailov, 2018-01-01 The reality novel *A Poet and Bin Laden* set in Central Asia at the turn of the 21st century against a swirling backdrop of Islamic fundamentalism in the Ferghana Valley and beyond gives a first hand account on the militants and Taliban s internal life The novel begins on the eve of 9 11 with the narrator s haunting description of the airplane attack on the Twin Towers as seen on TV while he is on holiday in Central Asia and tells the story of an Uzbek poet

Belgi who was disappointed in the authoritarian regime in Uzbekistan and became a terrorist in the eyes of the world His journey begins with a search for a Sufi spiritual master and ends in guerrilla warfare and it is this tension between a transcendental and a violent response to oppression between the book and the bomb between Archipelago GULAG and modern Central Asia and Afghanistan that gives the novel its specific poignancy In this book Hamid Ismailov masterfully intertwines fiction with documentary and provides wonderfully vivid accounts of historical events such as the siege of Kunduz the breakout from Sheberghan prison and the insurgency in the Ferghana Valley as witnessed by the Byronian figure of Belgi who enters the inner sanctum of al Qaeda and ultimately meets Sheikh bin Laden himself **The Value of Emily**

Dickinson Mary Loeffelholz, 2016-06-23 This is the first compact introduction to Emily Dickinson to focus principally on her poems and their significance to readers It addresses the question of literary value considering current controversies over whether Dickinson's writings are best appreciated as visual works or as rhymed and metered poems intended for the ear

Gallipoli Diary 1915 Alec Riley, 2021-11-11 We had a look around through periscopes at the remains of recent fighting The dead were on top and we the living were below the general ground level The usual order of life and death were reversed So wrote Alec Riley in his account of an ordinary soldier in an extraordinary conflict the Gallipoli campaign of 1915 A signaller with the 42nd East Lancashire Division Riley was well placed to serve as an eyewitness to the sharp end of the campaign being with the infantry but not of it His task and that of the small unit he served with and whose story he tells was to maintain communications between the forward trenches and senior commanders in the rear a conduit for at times unrealistic orders one way and all too real situation reports the other During his time on the peninsula Riley kept meticulous notes which form the basis of this account He also took his camera to war the resulting photos some of which were used in the British official history of the campaign flesh out his detailed story of life in and behind the lines After four months on the peninsula suffering from jaundice septic sores and dysentery Riley was evacuated sick destined first for Mudros and then Blighty He made sure to save his diary and camera Although Gallipoli had done for Riley Riley was not done with Gallipoli Even while on the peninsula he and his comrades had looked beyond the war We tried to imagine what the place would be like when the armies had gone Achi Baba would be green again the trenches would fall in and flatten communication trenches through which thousands of men had passed would be long and shallow depressions and frogs and tortoises the only inhabitants of gully and nullah Remarkably Alec Riley returned to find out revisiting the peninsula at least twice In 1930 he spent ten days wandering across the now overgrown fields of battle on a lone pilgrimage revisiting places he knew intimately 15 years before This pilgrimage and a subsequent second visit was intended to form the basis of a book again illustrated with his trusty camera Sadly the original manuscript has been lost But the editors have identified two extracts that appeared in print which they present alongside a faithful transcript of Riley's diary and notes Also included is an unpublished introduction by General Sir Ian Hamilton commander of the Mediterranean Expeditionary Force of which Riley had been a small part and

with whom Riley had a decade long correspondence The editors of the diary Michael Crane and Bernard de Broglio have added copious footnotes and detailed biographical notes on the officers and men who come to life in Riley s writings as well as an order of battle and summary of arms for the 42nd Division at Gallipoli Fourteen maps illustrate the actions large and small that Riley describes alongside 47 black and white photographs most showing the battlefield in 1915 and 1930 Gallipoli Diary 1915 will appeal to readers of WW1 and military history but especially to those with an interest in the Gallipoli campaign It will be bookended by two further diaries that record Alec Riley s mobilisation and training in Egypt and his time in the Royal Victoria Hospital Netley Collectively they offer a unique window into the experiences of a pre war Territorial soldier before during and after Gallipoli
