*Stealth Invasion* Leo Hohmann,2023-04-04 Americans are shocked by ongoing news reports chronicling growing chaos in Europe where massive Muslim migration is wreaking havoc on the continent including horrendous acts of mass terrorism an epidemic of rape and sexual assault against European women and large jihadist rich enclaves where even police are hesitant to enter Yet few realize that America is heading down the same suicidal path As veteran investigative journalist Leo Hohmann documents in *Stealth Invasion Muslim Conquest through Immigration and Resettlement Jihad* an international network of mostly Muslim Brotherhood linked activists has been building its ranks within the United States for more than three decades aided by a U S immigration system seemingly obsessed with welcoming as many unassimilable migrants with anti Western values as possible As a result largely secret plans for major population changes in hundreds of U S cities and towns are already being implemented This transformation is taking place not only in gateway cities like New York Chicago and Los Angeles but in such all American towns as Twin Falls Idaho and St Cloud Minnesota where tensions brought on by the importation of hostile cultures are already causing shock waves As *Stealth Invasion* reveals the Muslim Brotherhood has a well defined strategy for conquering America not necessarily with violent jihadist attacks although we should expect those to increase but through more subtle means collectively called civilization jihad According to the Brotherhood s own documents seized by the FBI civilization jihad involves infiltrating and conquering Western democracies from within The goal is to partner with leftist and anarchist groups such as Black Lives Matter to tear at the fabric of Western civilization and the Judeo Christian values that undergird it Their intent is to use liberal immigration laws to create settlements for Islam in America which in turn become enclaves of non assimilated Muslims who can easily become radicalized by a preacher at a local mosque or by watching a Youtube video posted by an imam in Pakistan Very simply civilization jihad calls for changing a nation by changing its people and its values gradually over time *Stealth Invasion* blows the lid off a corrupt fraudulent program that has been secretly dumping Third World refugees many of them radical on American cities for three decades Readers will meet the people and groups behind this shadowy resettlement network which starts at the United Nations and includes the White House the U S State Department some surprising church groups and corporate honchos involved in everything from investment banking and meatpacking to Florida vacations and yogurt manufacturing Americans have been kept largely in the dark about the radical plans to permanently transform their nation Until now *Stealth Invasion* uncovers

how various cities have become refugee hotspots and examines grassroots uprisings where citizens have challenged this secret cabal and won Armed with knowledge of the government's methods for dealing with local resettlement backlash Hohmann provides details on how concerned Americans can most effectively respond The great melting pot that once typified the success of America's immigration system no longer seems to be working The old shared values of God country family and freedom that used to hold the country together are breaking down In *Stealth Invasion* Leo Hohmann shows that the breakdown is no coincidence and it hasn't manifested overnight It's been brewing since the 1980s but is now reaching the point where it is about to metastasize and overtake us all unless it is stopped now **March 1986** Colin Wood,2011-07-28
