snapshots images of hunting posed studio portraits and many other settings between 1860 and 1950 These photographs offer poignant testimony to the American romance with dogs and show how the dog has become part of cultural expressions of race class and gender Animal studies scholars have long argued that our representation of animals in print and in the visual arts has a profound connection to our lived cultural identity Other books have documented the depiction of dogs in art and photography but few have reached beyond the subject's obvious appeal *Picturing Dogs Seeing Ourselves* draws on animal visual and literary studies to present an original and richly contextualized visual history of the relationship between Americans and their dogs Though the personal stories behind these everyday photographs may be lost to us their cultural significance is not **Forthcoming Books** Rose Arny, 2002 Antiquarian, Specialty, and Used Book Sellers, 1997
