The tale begins when two childhood friends, Hans Gmoser and Leo Grillmair, leave postwar Austria and travel to Canada in search of adventure. They stumble upon employment taking skiers across the vast glaciers and through the thick forests of Western Canada. When skiers start asking the immigrant mountaineers if it would be possible to use a helicopter to reach the best high altitude powder, the two find themselves catapulted into a project brimming with more adventure, success, tragedy and fame than they could have dreamed. Complete with archival and contemporary photos, this is the inside story of the people, thrills, accidents and innovations behind the evolution of a sport from a dangerous ramshackle and lawless enterprise into a multi million dollar industry offering reliable access to one of the world's most exciting forms of recreation. **Guide**
