Blue Guide Western Germany:

Western Germany James Bentley,1995 *Britain, Germany and Colonial Violence in South-West Africa, 1884-1919*
Mads Bomholt Nielsen,2022-02-28 Reflecting emerging scholarship on the entanglement of colonial histories this book examines British and South African perspectives on and involvement in the genocide of the Herero and Nama in German South West Africa from 1904 to 1908 Seeking to present a transnational and trans colonial perspective on the war imposed by Germany the book sheds light on Anglo German relations during native rebellions and exposes shared experiences of colonial violence This approach aligns with a new surge of historiography which emphasises the co operation between colonial powers to maintain order in Africa The author focuses on British involvement in counter insurgency efforts its awareness of the extent of the genocide and how the Herero Nama War impacted colonial rule in British territory The book sheds light on how the British government intentionally managed sensitive information on German colonialism according to the geopolitical needs While reports were ignored and censored prior to 1914 these became instrumental to Britain s foreign policy in confiscating Germany s colonies in 1919 Not only exploring the war years the book covers the entire period of German colonial rule in Africa 1884 1919 and highlights British and South African perspectives throughout this period Offering fresh insights on the first genocide of the century this book builds on a growing body of research into trans colonialism and contributes to modern German history [The Oxford Handbook of International Criminal Law](#) Kevin Jon Heller,Frédéric Mégret,Sarah M. H. Nouwen,Jens David Ohlin,Darryl Robinson,2020 Provides a non traditional interdisciplinary approach to the study of international criminal law incorporating insights from global history philosophy and international relations Explores the most innovative theoretical and doctrinal developments in the field Critically examines prevailing practices orthodoxies and received wisdoms Includes contributions from expert scholars outside of international law alongside chapters by some of the field s most respected scholars Book jacket [Germany's Genocide of the Herero](#) Jeremy Sarkin,Jeremy Sarkin-Hughes,2011 In 1904 the indigenous Herero people of German South West Africa now Namibia rebelled against their German occupiers In the following four years the German army retaliated killing between 60 000 and 100 000 Herero people one of the worst atrocities ever The history of the Herero genocide remains a key issue for many around the world partly because the German policy not to pay reparations for the Namibian genocide contrasts with its long standing Holocaust reparations policy The Herero case bears not only on transitional justice issues throughout Africa but also on legal issues elsewhere in the world where reparations for colonial injustices have been called for The book argues that the Herero genocide was linked to Germany s late entry into the colonial race which led it frenetically and ruthlessly to acquire multiple colonies all over the world within a very short period using any means available *Karnataka MBA PGCET Max Success Book By Chandresh Agrawal* Chandresh Agrawal,Nandini Books,2024-05-09 SGN The Karnataka MBA PGCET Max Success Book By Chandresh Agrawal Is Extremely Useful For The Entrance Test **MBA-SNAP PDF Complete Book Max**

English abstract In my thesis I examine German colonial policies in South West Africa towards the natives from their first engagement in the area in 1883 up to the end of the Herero war in 1907 Primarily I try to establish if they were genocidal My thesis is divided into three major parts The first two describe and characterize the German policies towards the natives of South West Africa and their mutual relationship prior to the Herero war and during it respectively The third is concerned with definitions of genocide and relevance for its application on the Herero war In the first chapter I shortly portray South West Africa prior to European colonisation and then turn my attention to German steady and gradual conquest of the country Special consideration is given to German perceptions of the natives to their use of the natives for their own cause and to their treatment of the indigenous population Finally the most important aspects of development of the colony under German rule are presented The next chapter of the thesis deals with the events of the Herero war Analysis of the main causes of the uprising is followed by the description of the course of war This one is purposefully not very detailed and only events relevant for our cause are mentioned Much more attention is given to German changing policies during the war and to the differing arguments behind these policies with special focus on Lothar von Trotha's reasoning The Nama uprising is mentioned briefly as well At the end results of the war and its influence mainly on the native population are characterized I deal with the concept of genocide in the final part of this paper I offer three different definitions and apply them one by one on the events in German South West Africa at the beginning of
