wrenching the gamut of death destruction and loss of close friends made good and descriptive reading a lot more descriptive of action than many others I have read brings back memories both good and not so good Peter Henderson former Bomber Command air crew member The Story of a young Australian a country boy from New South Wales He was one of the many thousands who journeyed to Canada to train as a fighter pilot He was good very good finally joining 66 Squadron RAF in Belgium at the end of November 1944 The German High Command was desperate They needed fuel and more time believing their Vengeance Weapons could still turn the tide for them From numerous bases they were firing thousands of V1 flying bombs and V2 rockets against targets in Britain and Holland In the bitterly cold winter of 1944 came the Battle of the Bulge a massive surprise attack against the Western Allies Their lines crumpled but did not break They fell back held the line then slowly moved forward Winter gave way to Spring The snows began to thaw and the skies to clear With the weather improving came the reckoning The Russian Armies were advancing relentlessly from the East In the West the Allies had amassed a mighty invasion force It crossed the Rhine and surged forward The war ravaged and depleted Germany could not stand in the face of this onslaught It was a country facing total chaos and defeat Our young Australian was caught up in this frantic drive to victory Front cover image of Flight Sergeant Les Streete flying a MkXVI Spitfire in hot pursuit of a V1 flying bomb over the bleak and grey winter landscape of Holland

unknown Within just a few short weeks they had managed to decimate the United Colonies sending our species hurtling towards the brink of extinction Only one chance remains What s left of mankind must find their way to safe harbor under the protection of the United Colonial Navy It is there that the fate of man will be determined as well as the fate of the U C S Independence and all those that choose to stand with her against the coming tide **Into Deepest Space** Fred Hoyle,Geoffrey Hoyle,2015-06-24 Sequel to Rockets in Ursa Major From a great distance the Yela s recorded message crackled through on the micro earpiece For the time being you have won But I am not defeated so easily That had been three years ago after Dick Warboys had repulsed the invading Yela by firing a lithium bomb into the Sun But now that threat seems near fulfilment as appalled scientists detect the rapid approach of a vast engulfing cloud of hydrogen Can humanity survive on Earth or must selected pioneers abandon it in search of a safer region of the Galaxy To find the answer Dick and his allies from Space suffer a perilous voyage into the realms that reach the ultimate in understanding the physical universe
