Jackson, 2009-06-29 2009 Outstanding Academic Title Choice The connection between speech and writing in human language has been a matter of philosophical debate since antiquity By plumbing the depths of this complex relationship Tony E Jackson explains how the technology of alphabetic writing has determined the nature of the modern novel Jackson s analysis begins with the universal human act of oral storytelling While telling stories is fundamental to human experience writing is not Yet the novel perhaps more than any other literary form depends on writing In fact as Jackson shows quite clearly it is writing rather than print that most shapes the forms and contents of the genre Through striking new readings of works by Austen Mary Shelley Dickens Forster Woolf Lessing and McEwan Jackson reveals how the phenomena of speech and storytelling interact with the technological characteristics of writing He also explains how those interactions induced the generic changes in the novel from its eighteenth century beginnings to postmodernism and beyond His claims grounded in a contemporary understanding of human cognitive capacities and constraints offer a fresh interpretive approach to all written literature An essential text in the study of the written word *The Technology of the Novel* provides new insights into the evolving nature of one of the modern world s most popular narrative forms **Epic Voices** Robert Arlett, 1996 The path of the modern novel has been marked by a dialectic of seemingly rival impulses while certain novelists have sought to deal with wide scale social and political dimensions of modern existence others have concerned themselves primarily with interior sensibility **Old Lines, New Forces** Robert K. **Modernism** Lisa Rado,2012-08-21 Until about 1986 feminists generally considered modernism a reactionary misogynist and hegemonic mire not worth investigating Since then enough studies of modernism have appeared that 17 feminist critics can now review and debate their treatment of the period They evaluate the progress and goals of the new era of modernist scholarship As the authors in this volume suggest instead of condemning writers for not practicing or portraying an acceptable politics of gender we ought instead to show how their assumptions about the nature of the sexes inform their texts both in their creation and in their reception This also allows examination of the complex and changing relationship between human subjectivity and aesthetics This volume is a highly reflective dialogue introspective and evaluative at a moment of crisis within modernist studies and feminist studies The analysis of critical work on early twentieth century literature not only helps reread and redefine a definition of modernism it also intends to redirect and reintegrate feminist theory Hypnotizing the Devil: The True Story of a Hypnotist Who Treated the Psychotic Son of Saddam Hussein Larry Garrett,2018-10-09 Everyone remembers where they were during the September 11 attacks in New York Larry Garrett a

International Don Quixote, 2009-01-01 Ever since its appearance, Miguel de Cervantes' *Don Quixote* has exerted a powerful influence on the artistic imagination all around the world. This cross-cultural volume offers important new readings of canonical reinterpretations of the *Quixote* from Unamuno to Borges, from Ortega y Gasset to Calvino, from Mark Twain to Carlos Fuentes. But to the prestigious list of well-known authors who acknowledged Cervantes' influence, it also adds new and surprising names such as that of Subcomandante Marcos, who gives a Cervantine twist to his Mexican Zapatista revolution. Attention is paid to successful contemporary authors such as Paul Auster and Ricardo Piglia, as well as to the forgotten voice of the Belgian writer Joseph Grandgagnage. The volume breaks new ground by taking into consideration Belgian music and Dutch translations, as well as Cervantine procedures in Terry Gilliam's *Lost in La Mancha*. In all, this book constitutes an indispensable guide for the further study of the *Quixote*'s Nachleben and offers exciting proposals for rereading Cervantes.

**Mercy Hat** Mark Lazarus Gatti, 2001-01-29 *Mercy Hat* is poetry for the lightened and darkened soul. From the powerful intensity of *The Exordium* to the triumphant verses of *Joy*, the poems within are filled with beauty and darkness, optimism and anguish. *Mercy Hat* is a world where surrealism breathes you in as you breathe in images of the fantastic juxtaposed to the reality of the human condition.

For fifteen glorious years, Gina Dewar has been married to her college sweetheart, Bobby. But then Bobby is publicly accused of having an affair, and Gina's life changes overnight, overwhelmed with scandal, speculation, and the agony of uncertainty. Gina's sister-in-law, Alice, is her polar opposite; she has never appreciated the traditional values of Alma or tried to fit in with its quaint neighborliness. After Gina makes the decision to trust Bobby, who has claimed his innocence all along, she hopes her family can
