The Search for Wholeness and Diaspora Literacy in Contemporary African American Literature Silvia Castro-Borrego, 2011-05-25 This volume has as a cohesive argument the exploration of the different manifestations of the search for wholeness and spirituality in the writings of contemporary African American women writers covering different literary genres such as fiction both novels and short stories drama and poetry Together with the issue of spirituality the African American search for wholeness is analyzed as a source of creativity and agency As expressed in the contemporary literature of black women writers starting in the 1980s the search for wholeness reflects a beauty realized through the healing of the spirit and the body and is a process that takes on dimensions of reconciling the past and the present the mythical and the real the spiritual and the physical all in the context of an emerging world view that welcomes synthesis and expects both synthesis and generative contradictions The book will be a valuable collection for scholars of African American literature comparative American Ethnic literature American literature and spirituality as well as women s studies In addition it will be an important text for both undergraduate and graduate students in those fields As Professor Johnnella Butler 2006 points out the African American search for wholeness is tightly linked to the search for freedom and agency Ever since the 19th century African American writers have given expression to an African American self which functions in Western civilization simultaneously as a colonized other and an assertive self Due to the continuous ordeal of the African Diaspora this self is caught in between the binaries proposed by the material and the spiritual world seeking a

balance where the person can become whole The search for wholeness feeds from cultural roots that imply the presence of ancestral spiritualism rememory and double consciousness Contemporary black women writers reflect the metaphor of building spiritual bridges seeking the possibilities of building a bridge to the archetypal African past that is carried in their memories as a presence that offers sustenance via spiritual reconnection Their works seek to bridge the gap between the myths and traditions of the past and contemporary African American culture The texts included in this collection are examples of writing as an exercise of what V v Clark calls Diaspora literacy The texts written by contemporary African American women writers explicitly show how to recognize and read the cultural signs left scattered along the road of progress In this way material acquisition is achieved along with cultural dispossession becoming a metaphor for the history of the African in America The powerful message is that one should not exclude the other Red, White, and Black Make Blue Andrea Feeser, 2013 Like cotton indigo has defied its humble origins Left alone it might have been a regional plant with minimal reach a localized way of dyeing textiles paper and other goods with a bit of blue But when blue became the most popular color for the textiles that Britain turned out in large quantities in the eighteenth century the South Carolina indigo that colored most of this cloth became a major component in transatlantic commodity chains In Red White and Black Make Blue Andrea Feeser tells the stories of all the peoples who made indigo a key part of the colonial South Carolina experience as she explores indigo s relationships to land use slave labor textile production and use sartorial expression and fortune building In the eighteenth century indigo played a central role in the development of South Carolina The popularity of the color blue among the upper and lower classes ensured a high demand for indigo and the climate in the region proved sound for its cultivation Cheap labor by slaves both black and Native American made commoditization of indigo possible And due to land grabs by colonists from the enslaved or expelled indigenous peoples the expansion into the backcountry made plenty of land available on which to cultivate the crop Feeser recounts specific histories uncovered for the first time during her research of how the Native Americans and African slaves made the success of indigo in South Carolina possible She also emphasizes the material culture around particular objects including maps prints paintings and clothing Red White and Black Make Blue is a fraught and compelling history of both exploitation and empowerment revealing the legacy of a modest plant with an outsized impact Gullah Culture in America Wilbur Cross, 2007-12-30 In 1989 1998 and 2005 fifteen Gullah speakers went to Sierra Leone and other parts of West Africa to trace their origins and ancestry Their journey frames this exploration of the extraordinary history of the Gullah culture characterized by strong African cultural retention and a direct influence on American culture particularly in the South described in this fascinating book Since long before the Revolution America has had hidden pockets of a bygone African culture with a language of its own and long endowed with traditions language design medicine agriculture fishing hunting weaving and the arts This book explores the Gullah culture s direct link to Africa via the sea islands of the American southeast The first published evidence of Gullah went almost unrecorded until

the 1860s when missionaries from Philadelphia made their way even as the Civil War was at its height to St Helena Island South Carolina to establish a small institution called Penn School to help freed slaves learn how to read and write and make a living in a world of upheaval and distress There they noticed that most of the islanders spoke a language that was only part English tempered with expressions and idioms often spoken in a melodious euphonic manner accompanied by distinctive practices in religion work dancing greetings and the arts The homogeneity richness and consistency of this culture was possible because the sea islanders were isolated Even today there are more than 300 000 Gullah people many of whom speak little or no English living in the remoter areas of the sea islands of St Helena Edisto Coosay Ossabaw Sapelo Daufuskie and Cumberland Gullah Culture in America explores not only the history of Gullah but takes the reader behind the scenes of Gullah culture today to show what it s like to grow up live and celebrate in this remarkable and uniquely American community

Lowcountry Voodoo Terrance Zepke,2009 When African slaves were brought to the American South to work the plantations they brought with them their culture traditions and religion including what came to be called voodoo This unique blend of Christianity herbalism and folk magic is still practiced in South Carolina s Lowcountry Though a beginners guide Lowcountry Voodoo offers a surprising wealth of information about this fascinating part of Lowcountry life Learn about the Gullah and their ways how to bring good luck and avoid bad luck spells and curses and how to avoid them how to cook up traditional good luck meals for New Years Day a real voodoo village you can visit sweetgrass baskets events and tours to acquaint you with Lowcountry culture In a selection of Lowcountry tales that feature voodoo meet a boo hag bride who sheds her skin at night Dr Buzzard the most famous root doctor a giant ghost dog a young man whose love potion worked too well George Powell who outwitted a haint Crook Neck Dick who mostly outwitted a hangman Doctor Trott who captured a mermaid

Counseling Persons of African Descent Thomas A. Parham,2002-03-19 Though important strides have been made in the last three decades in the research efforts on African Americans there continues to be a lack of significant new understanding about the impact of the African American culture on the therapy process and dynamics This volume provides an in depth analysis of the counseling literature pertaining to African American clients Specifically the analysis includes a review of the different variables client counselor counseling process and assessment that have received the bulk of research attention This sets the stage for the presentation of a counseling model for African American clients The authors discuss philosophical premises upon which the model is based and suggest specific counseling strategies and interventions related to the model Case study material is integrated throughout the chapters focusing on individual and group approaches This volume is an important work for counseling professionals as well as for students in social work and counseling programs

Stigma and Culture J. Lorand Matory,2015-12-02 In Stigma and Culture J Lorand Matory provocatively shows how ethnic identification in the United States and around the globe is a competitive and hierarchical process in which populations especially of historically stigmatized races seek status and income by dishonoring other stigmatized populations And there is

no better place to see this than among the African American elite in academia where he explores the emergent ethnic identities of African and Caribbean immigrants and transmigrants Gullah Geechees Louisiana Creoles and even Native Americans of partly African ancestry Matory describes the competitive process that hierarchically structures their self definition as ethnic groups and the similar process by which middle class African Americans seek distinction from their impoverished compatriots Drawing on research at universities such as Howard Harvard and Duke and among their alumni networks he details how university life while facilitating individual upward mobility touting human equality and regaling cultural diversity also perpetuates the cultural standards that historically justified the dominance of some groups over others Combining his ethnographic findings with classic theoretical insights from Frantz Fanon Fredrik Barth Erving Goffman Pierre Bourdieu and others alongside stories from his own life in academia Matory sketches the university as an institution that particularly through the anthropological vocabulary of culture encourages the stigmatized to stratify their own **Gullah**

Geechee Muslims in America Muhammad Fraser-Rahim,2024-12-15 Through meticulous research interviews and documentation Gullah Geechee Muslims in America Exploring Islamic Identity in the African Diaspora presents a unique and significant contribution to religious studies Africana studies and anthropology by shedding light on a previously understudied aspect of the Gullah Geechee community and culture Previous studies of enslaved African Muslims have claimed that Islam as a conscious practice vanished by the eve of the Civil War However Muhammad Fraser Rahim highlights the continuity of Islamic belief and practice in the Lowcountry For scholars who have spent decades researching the retention of African culture among the enslaved and their descendants this book reveals certain challenges and poses new avenues of research

Constructs of "home" in Gloria Naylor's Quartet Claudia Drieling,2011 **Gullah Spirituals** Eric Sean Crawford,2021-07-16 In Gullah Spirituals musicologist Eric Crawford traces Gullah Geechee songs from their beginnings in West Africa to their height as songs for social change and Black identity in the twentieth century American South While much has been done to study preserve and interpret Gullah culture in the lowcountry and sea islands of South Carolina and Georgia some traditions like the shouting and rowing songs have been all but forgotten This work which focuses primarily on South Carolina s St Helena Island illuminates the remarkable history survival and influence of spirituals since the earliest recordings in the 1860s Grounded in an oral tradition with a dynamic and evolving character spirituals proved equally adaptable for use during social and political unrest and in unlikely circumstances Most notably the island s songs were used at the turn of the century to help rally support for the United States involvement in World War I and to calm racial tensions between black and white soldiers In the 1960s civil rights activists adopted spirituals as freedom songs though many were unaware of their connection to the island Gullah Spirituals uses fieldwork personal recordings and oral interviews to build upon earlier studies and includes an appendix with more than fifty transcriptions of St Helena spirituals many no longer performed and more than half derived from Crawford s own transcriptions Through this work Crawford hopes to restore the

cultural memory lost to time while tracing the long arc and historical significance of the St Helena spirituals The Vodou Quantum Leap Reginald Crosley, 2000 CROSS THE BRIDGE In this unique synthesis of African Haitian spirituality Western religion Eastern mysticism and modern science Dr Crosley presents Vodou as a metaphysical experience a bridge to parallel universes and mystical dimensions confirmed by the eerie tenets of quantum physics TAKE THE VODOU QUANTUM LEAP Explore the deep secrets of Vodou Santeria and Candomble Discover how to become a Master of Spirits Traverse the strange dimensions of reality that have been revealed by twentieth century science Experience the same rapture found in other major world religions such as Taoism Buddhism and Hinduism If you have previously equated Vodou with witchcraft and idolatry this guide will reveal the complexity and sophistication of Vodou and African Haitian spirituality cross the bridge **Mariah of the Spirits** Sherry Austin, 2002 Journey with award winning author Sherry Austin to the brooding soulful American South where kudzu covered hills hide dark family secrets where under the soil of mountainside graveyards souls rest uneasily where old plantations are still haunted by a lost cause and where on a moonlit coastal back road a phantom hitchhiker still walks Jacket

Blue Roots African American Folk Magic Of The Gullah People: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Blue Roots African American Folk Magic Of The Gullah People : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Blue Roots African American Folk Magic Of The Gullah People : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
