Blue Skies Green Days:

Blue Skies, Green Days Jillian De Muth, 1993-09-01 Blue Skies Green Days brings together the natural world and the creative arts in a fresh and appealing way Delightfully illustrated by Kim Gamble *Blue Skies, Green Hell* Marilyn Lazzari-Wing, 2012-08-08 Blue Skies Green Hell a thriller written by a bush pilot s wife is a riveting tale set in the 1950s when pioneers of the sky flew single engine aircraft over unforgiving wilderness and impenetrable jungle in Venezuela Marilyn and Frank live in a place called the last frontier on the Orinoco River where he establishes a multi aircraft service that flies supplies and medicine to remote and inaccessible communities Together they challenge the odds and take the exhilaration of flying to new heights Their world is fierce weather with no weather reports aircraft with limited range radios and planes with six basic instruments A search and rescue effort ends when they make a forced landing in no man s land A flight to Miami turns sour as their twin engine C 46 conks out over the Caribbean Best friends die in fiery crashes Aston age Indian appears where he shouldn t be This is drama from the cockpit of vintage aircraft **Green Day** , In China with Green Day Aaron Cometbus, 2025-08-19 When a former Green Day roadie reunites with the group the result is a moral reckoning that eviscerates the music business both underground and mainstream It s also a tender travelogue about finding common ground while exploring new roads with old friends One need not be a fan of the band to enjoy this rollercoaster journey through Asia and its exploration of very different ideas of success *San Juan: Glimpses in Time* Michael Jean Nystrom-Schut, 2004-07-02 From my home in San Juan a lovely sector of central Tibas situated just north of San Jose Costa Rica while the candle flickers I commence the writing of these varied glimpses Warning What you are about to read are personal memoirs They are much to do about self They amount to a large group of random thoughts sporadic observations I always feel I am somehow supposed to write my thoughts down what a big ego I must have because I like to think that if you put them all together they form a loose knit way of seeing the world They are a part of my worldview Everyone has one of these what s your view of the world look like I am going to be a world philosopher when I grow up you see That is what my intention is since I have always been preoccupied with how to see things how to process things How odd is life anyway That s why my interest in philosophy to figure out the oddness of life Normally I think philosophy can be pretty dry and boring But for me it s terribly exciting In this book what you are about to delve into will resemble the form of an ongoing story It will consist of a sequence of six weeks of shadows and lights i e days and nights After that time wherever I am at with it I will stop and simply and abruptly start to write another book about something else I know not what Here though I will I suspect be sharing with you a series of ideas dreams fears logical thoughts illogical thoughts wonderings wanderings and general psychobabble I say that because I intend to impart thoughts and ideas about whatever might be in my ongoing existence in being This could be anything I assure you as of course it could be for anyone Exactly what will appear in the pages that represent the next six weeks of my life I do not have any idea that for me is going to be much of the fun of writing it *A QUIET DAY ANTHOLOGY* - 2
