American Poetry and Culture, 1945-1980 Robert Von

Hallberg,1985 Challenging the common perception of poets as standing apart from the mainstream of American culture Robert von Hallberg gives us a fresh and unpredictable assessment of the poetry that has come directly out of the American experience since 1945 Who reads contemporary American poetry More people than were reading new poetry in the 1920s von Hallberg shows How do poets respond to the public preoccupations of their readers Often with fascination Von Hallberg put the poems of Robert Creeley and John Ashbery together with the postwar outburst of systems analysis The 1950s tourist poems of John Hollander Adrienne Rich W S Merwin and James Merrill are treated as the cultural side of America s postwar rise to global political power There are chapters on the political poems of the 1950s and 1960s and on Robert Lowell s sympathy for the imperialism of his liberal contemporaries Poems of the 1970s on pop culture especially Edward Dorn s Slinger and some from the suburbs of the 1980s are shown to reflect a curious peace between the literary and the mass cultures

In Time and Place John Hollander,1986-10-01 In this major new collection John Hollander displays the elegance versatility and wit that mark him as perhaps the most urbane poet in America In Time and Place features a generous offering of new verse an extended prose piece and a series of prose poems previously available only in a rare privately published edition The tightly rhymed quatrains of the new poems demonstrate once again the freedom Hollander achieves through mastery of form The consummate control with which he writes in memoriam to a lost love and a time of absence gives him opportunities to move through dimensions most poets never see His purgatorial mock journal dwelling on loss and gain on difference and effacement on places and the place of writing leads into a sequence of captivating prose poems where imagination centers on the word and language celebrates its own creation

Figurehead John Hollander, 2009-05-06 In a major review in The New Republic of John Hollander's two earlier books *Tesserae* and *Selected Poetry* both 1993 Vernon Shetley said John Hollander's poetry has shown a visionary power just often enough to secure him a place as one of the major figures of our moment *Figurehead* a lively varied and technically dazzling book confirms the statement made by Henry Taylor in the Washington Times John Hollander revels in technical challenges of unusual severity and complexity yet most of his poems also have the emotional heft of something worth pausing over and remembering One of the most gifted of W H Auden's choices for the Yale Series of Younger Poets Hollander has pursued the wide range and metrical brilliance of Auden's own poetry so that this new book exhibits both a large compass of subject matter from philosophical matters to personal narrative and as usual some astonishing meditations on paintings here by
