A Broken Mirror Protestant Fundamentalism In The Philippines:

A Broken Mirror L. Shelton Woods, 2002 **The MacArthur Highway and Other Relics of American Empire in the Philippines** Joseph P. McCallus, 2010 It has been more than a century since the American conquest and subsequent annexation of the Philippines Although the nation was given its independence in 1946 American cultural authority remains In order to locate and lend significance to the relics of American empire Joseph McCallus retraces the route Gen Douglas MacArthur took during his liberation of the country from the Japanese in 1944 and 1945 While following MacArthur's footsteps he provides a historical and geographical account of this iconic soldier's military career accompanied by a description of the contemporary Philippine landscape McCallus uses the past and the present to explore how America influenced the country's political and educational systems and language as well as the ramifications of the continued U S military presence and the effects of globalization on traditional Filipino society He examines the American influence on its architecture and introduces to the reader the American expatriate business community people who have lived in the Philippines for decades and continue to help shape the nation The MacArthur Highway and Other Relics of American Empire in the Philippines is an absorbing look at how American military intervention and colonial rule have indelibly shaped a nation decades after the fact **Nationalism and Imperialism in South and Southeast Asia** Arnold P. Kaminsky, Roger D. Long, 2016-09-13 This volume is a festschrift for Damodar Ramaji SarDesai b 1931 Professor Emeritus of History at the University of California Los Angeles UCLA His work for over fifty years at UCLA has been an inspiration to generations of students and he has made major contributions in his chosen areas of specialization of India its foreign policy with regard to southeast Asia imperialism and the history of the modern European empires Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Philippine Studies*, 2006 The Philippines Damon L. Woods, 2005-12-09 A unique revealing look at the history and contemporary culture of the Philippine Islands and their multicultural and foreign influenced facets Interest in the Philippines has grown substantially over recent years The Philippines A Global Studies Handbook provides an all encompassing introduction to the dramatic history of this intriguing nation as well as the contemporary social political economic religious and artistic life written for travelers business people researchers students or general readers The author an award winning professor of Asian studies explores the effects of centuries of change and continuity on this fascinating often contradictory land It is a local's eye view that gets straight to the heart of the Filipino experience a cultural tour that measures the profound impact of the islands Japanese Spanish and American conquerors as well as the influence of Islam the Marcos regime and the People Power revolutions that ousted Ferdinand Marcos and 15 years later Joseph Estrada **Philippine Social Sciences Review**, 2011 **Secular and Religious Dynamics in Humanitarian Response** Olivia J. Wilkinson, 2019-11-28 This book investigates the ways in which the humanitarian system is secular and understands religious beliefs and practices when responding to disasters The book

teases out the reasons why humanitarians are reluctant to engage with what are seen as messy cultural dynamics within the communities they work with and how this can lead to strained or broken relationships with disaster affected populations and irrelevant and inappropriate disaster assistance that imposes distant and relatively meaningless values In order to interrogate secular boundaries within humanitarian response the book draws particularly on qualitative primary data from the aftermath of Typhoon Haiyan in the Philippines The case study shows how religious practices and beliefs strongly influenced people s disaster experience yet humanitarian organisations often failed to recognise or engage with this Whilst secularity in the humanitarian system does not completely exclude religious participation and expression it does create biases and boundaries Many humanitarians view their secularity as essential to their position of impartiality and cultural sensitivity in comparison to what were seen as the biased and unprofessional beliefs and practices of religions and religious actors even though disaster affected people felt that it was the secular humanitarians that were less impartial and culturally sensitive This empirically driven examination of the role of secularity within humanitarianism will be of interest to the growing field of pracademic researchers across NGOs government consultancy and think tanks as well as researchers working directly within academic institutions *Philippine national bibliography* ,2002 **Vietnam** Shelton

diese Klischees schon ab den 1980ern innerpentekostal problematisiert wurden und in den 2000ern Parteilanzen mit marxistisch leninistischen und islamistischen Gruppen gebildet wurden Dies erm glicht nicht nur neue Perspektiven auf die Religions und Politikgeschichte des Landes sondern auch auf den allgemeinen Zusammenhang von Religion kollektiver Identit tsbildung und Populismus *Christian Fundamentalism in the Philippines* Robert-Jose M.
