Faber,2024-12-23 When you think of holiday romance in popular culture you probably imagine the formulaic made for TV movies we all love to watch a career gal moves from the big city to a small town where she finds the love of her life and the true meaning of Christmas Yet as with so much of the romance genre our favorite holiday movies books TV episodes and plays are so much richer than the oft derided formula The 22 essays in this volume turn a scholarly eye to one of our most beloved and under examined subgenres offering celebrations and criticisms alike of Christmas New Year Hanukkah and Diwali romances This work includes voices from global scholars across an impressive breadth of disciplines literature history theater media gender and sexuality studies sociology psychology anthropology law and victim studies Readers will delight in celebrations of old classics like Christmas in Connecticut new favorites like A Holly Jolly Diwali and everything in between *Godey's Lady's Book* ,1883 **The Storyteller's Daughter** Victoria Scott,2025-01-15 The BRAND NEW beautiful historical novel from Victoria Scott perfect for fans of Evie Woods Kate Storey and Rachel Burton A secret buried for decades

A story that will change everything 1940 When twenty one year old Nita Bineham is offered the chance of independence away from the high walls of her family's Surrey estate she grasps it with both hands But her new role at a local newspaper coincides with the emergence of a sinister rumour in their quiet village that there is a traitor in their midst Nita is determined to prove herself by uncovering the truth but is she prepared for revelations that could change her life forever

2008 Following the death of her great aunt Beth flees London for the privacy of rural Surrey Within the confines of her family's dilapidated manor house she hides from the dual wreckage of her career and her marriage But when her aunt's dying words lead her to a stack of old newspaper articles Beth finds herself drawn into a decades old mystery about a long buried secret and an enemy dangerously close to home Praise for Victoria Scott Beautifully written and delightfully unsettling an evocative read set in an unusual landscape that will pull you in from the first page Rachel Burton The twists and turns revealed kept me turning pages way longer than I was meant to stay awake The way Meredith's mind gets confused as she learns more and more tugged at my heart and reading Ellen's experiences with her beau and how his mental health was essentially compartmentalised in an era when there wasn't much knowledge was heartwrenching Within the tale there are elements of the gothic tradition with old houses fog rising waters stormy weather and more The reader's pulse rate rises as we are committed to following the action I thoroughly enjoyed The House In The Water It consumed me from the start It was the first book by Victoria Scott but I certainly she she will write more Don't you love a dual time line novel I do and this one is exceptional I have read the author's earlier work and this is straying into much darker territory but I think it only serves to show what a great writer she is Atmospheric gripping with huge heart and impossible to put down the very best sort of book Beautiful captivating prose kept me totally engaged in both timelines Wonderful My first by this author but not the last This is definitely a spellbinding and unsettling tale with a dash of romance set in WW2 and 2013 that might haunt your dreams and leave you with a lot to think about A riveting read I was engrossed in the story from the start May Day House is a rehab house for soldiers during WWII They are cared for and sent back to war Years later a couple buys the house which soon appears to be haunted by the soldiers who had been there It is a great story
