A Choice Of Kiplings Prose:

A Choice of Kipling's Prose Rudyard Kipling, 1987 As a short story writer Rudyard Kipling is equaled only by Chekhov and this unusually generous selection intended as a companion volume to T S Eliot's *A Choice of Kipling's Verse* will undoubtedly confirm Kipling as a great master Kipling has never wanted for advocates The list includes George Orwell Jorge Luis Borges Kingsley Amis and Angus Wilson as well as Eliot But Craig Raine in his original and meticulous introduction offers a fresh overview of the work as well as detailed readings of particular stories Back cover

Politics and Awe in Rudyard Kipling's Fiction Peter Havholm, 2016-12-05 There has been a resurgence of interest in Kipling among critics who struggle to reconcile the multiple pleasures offered by his fiction with the controversial political ideas that inform it Peter Havholm takes up the challenge piecing together Kipling's understanding of empire and humanity from evidence in Anglo Indian and Indian newspapers of the 1870s and 1880s and offering a new explanation for Kipling's post 1891 turn to fantasy and stories written to be enjoyed by children By dovetailing detailed contextual knowledge of British India with informed and sensitive close readings of well known works like *The Man Who Would Be King* *Kim* *The Light That Failed* and *They* Havholm offers a fresh reading of Kipling's early and late stories that acknowledges Kipling's achievement as a writer and illuminates the seductive allure of the imperialist fantasy

A Choice of Kipling's Prose Peter King, 1987 *A Literary History of England Vol. 4* A Baugh, 2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789 1939 *The Ruling Passion* Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on

sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery

The Short Story Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by

contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris **The Kipling Journal** ,2011 How the Just So Stories Were Made John Batchelor,2021-05-11 A fascinating richly illustrated exploration of the poignant origins of Rudyard Kipling's world famous children's classic *From How the Leopard Got Its Spots to The Elephant's Child* Rudyard Kipling's Just So Stories have delighted readers across the world for more than a century In this original study John Batchelor explores the artistry with which Kipling created the Just So Stories using each tale as an entry point into the writer's life and work including the tragedy that shadows much of the volume the death of his daughter Josephine Batchelor details the playful challenges the stories made to contemporary society In his stories Kipling played with biblical and other stories of creation and imagined fantastical tales of animals development and man's discovery of literacy Richly illustrated with original drawings and family photographs this account reveals Kipling's public and private lives and sheds new light on a much loved and tremendously influential classic *Author Fictions* Ingo Berensmeyer,2023-10-04 Fictional novelists and other author characters have been a staple of novels and stories from the early nineteenth century onwards What is it that attracts authors to representing their own kind in fiction *Author Fictions* addresses this question from a theoretical and historical perspective Narrative representations of literary authorship not only reflect the aesthetic convictions and social conditions of their actual authors or their time they also take an active part in negotiating and shaping these conditions The book unfolds the history of such author fictions in European and North American texts since the early nineteenth century as a literary history of literary authorship ranging from the Victorian bildungsroman to contemporary autofiction It combines rhetorical and sociological approaches to answer the question how literature makes authors Identifying author fictions as narratives that address the fragile material conditions of literary creation in the actual and symbolic economies of production Ingo Berensmeyer explores how these texts elaborate and manipulate concepts and models of authorship This book will be relevant to English American and comparative literary studies and to anyone interested in the topic of literary authorship **Imperial Masochism** John Kucich,2009-01-10 British imperialism's favorite literary narrative might seem to be conquest But real British conquests also generated a surprising cultural obsession with suffering sacrifice defeat and melancholia There was writes John Kucich seemingly a different crucifixion scene marking the historical gateway to each colonial theater In *Imperial Masochism* Kucich reveals the central role masochistic forms of voluntary suffering played in late nineteenth century British thinking about imperial politics and class identity Placing the colonial writers Robert Louis Stevenson Olive Schreiner Rudyard Kipling and Joseph Conrad in their cultural context Kucich shows how the ideological and psychological dynamics of empire particularly its reorganization of class identities at the colonial periphery depended on figurations of masochism Drawing on recent psychoanalytic theory to define masochism in terms of narcissistic fantasies of omnipotence rather than sexual perversion the book illuminates how masochism mediates political thought of many different kinds not simply those that represent the social

order as an opposition of mastery and submission or an eroticized drama of power differentials Masochism was a powerful psychosocial language that enabled colonial writers to articulate judgments about imperialism and class The first full length study of masochism in British colonial fiction Imperial Masochism puts forth new readings of this literature and shows the continued relevance of psychoanalysis to historicist studies of literature and culture The Complete Stalky & Co Rudyard Kipling,1999 Kipling appears as the central character Beetle in this charming collection of school stories Routledge Revivals: English Poetry in the Later Nineteenth Century (1933) B. Ifor Evans,2017-11-30 First published in 1933 this study which underwent revision in the 1960s is a comprehensive survey of the verse of English nineteenth century poets whose work appeared after 1860 A special feature is the full and critical treatment of minor writers In no other book is their work so carefully evaluated There is a full account of the minor Pre Raphaelites of James Thomson the poet of The City of Dreadful Night of Henley Stevenson and George MacDonald John Davidson is the subject of a long and revealing study Evans suggests that poetry from the late nineteenth century is neglected in scholarly study and that Victorian Romanticism deserves more attention than it has recently received International Who's Who in Poetry 2004 Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets **Literature and Nation** Harish Trivedi,Richard Allen,2000 This is the first book to deal with the culture of Britain and India over the past two hundred years in an integrated way Previously unavailable texts make this an invaluable resource for all those interested in British and Indian literature
