Middelmann,2011-03-02 At the creation of the world God gave mankind the responsibility to exercise dominion over the
earth Man was to use the earth and its abundance of resources to satisfy his physical needs but he was also to care for the
earth and its creatures as a wise and godly steward Reading about endangered species or another oil spill will make it
abundantly clear that the human race has failed miserably in its God given mandate How did we get to this point Where
should we go from here This classic by Francis Schaeffer now repackaged looks at contemporary ecological crises through
the lens of theology and Scripture Renowned for his work in applied philosophy and theology Schaeffer answers serious
philosophical questions about creation and ecology He concludes that we must return to a profoundly and radically biblical
understanding of God s relationship to the earth and of our divine mandate to exercise godly dominion over it Repackaged
