A Beirut Heart:

A Beirut Heart Cathy Sultan, 2022-12-29 This disturbing and yet beautiful memoir written by a courageous housewife places us inside something we seldom think about domestic survival during civil war A Beirut Heart imposes upon the reader a haunting metaphor about how the tragic destruction of a great city can be paralleled in the psyche of even the most resilient of its inhabitants

A Beirut Heart Cathy Sultan, 2005 A Beirut Heart is the unforgettable story of an American woman who lived amidst the Lebanese Civil War for eight years and through it all attempted to sustain a life with her Lebanese husband and two small children It is a memoir that offers a unique illustration of the unsung heroes of war the women who assume the awesome task of keeping the family united during wartime The book tells the story of how Cathy Sultan moved with her family to Lebanon in 1969 For six years they led an ideal life experiencing the rich culture exotic food and breathtaking landscape of the city located along the blue waters of the Mediterranean Sea After the war began in 1975 their lives changed forever Sultan recounts how she held the family together by comforting her children after bomb blasts and consoling her physician husband who spent his days treating wounded civilians To keep sane she used cooking as her tranquilizer The unique narrative places us uncomfortably inside something we seldom consider the domestic element of civil war and leaves on the reader a permanent impression of the destroyed city and its resilient people

Rebels against Tyranny Helena P. Schrader PhD,2020-12-16 Emperor Frederick II called enlightened by historians yet decried as a despot by contemporaries unleashes a civil war that tears the Holy Land apart The heir to an intimidating legacy a woman artist and a boy king are caught up in the game of emperors and popes Set against the backdrop of the Sixth Crusade Rebels against Tyranny takes you from the harems of Sicily to the Holy Sepulcher in Jerusalem from the palaces of privilege to the dungeons of despair This is a timeless tale of youthful audacity taking on tyranny but sometimes courage is not enough

Reconstructing Beirut Aseel Sawalha,2010-05-01 Once the cosmopolitan center of the Middle East Beirut was devastated by the civil war that ran from 1975 to 1991 which dislocated many residents disrupted normal municipal functions and destroyed the vibrant downtown district The aftermath of the war was an unstable situation Sawalha considers a postwar state of emergency even as the state strove to restore normalcy This ethnography centers on various groups responses to Beirut s large privatized urban renewal project that unfolded during this turbulent moment At the core of the study is the theme of remembering space The official process of rebuilding the city as a node in the global economy collided with local day to day concerns and all arguments invariably inspired narratives of what happened before and during the war Sawalha explains how Beirutis invoked their past experiences of specific sites to vie for the power to shape those sites in the future Rather than focus on a single site the ethnography crosses multiple urban sites and social groups to survey varied

groups with interests in particular spaces The book contextualizes these spatial conflicts within the discourses of the city's historical accounts and the much debated concept of heritage voiced in academic writing politics and journalism In the afterword Sawalha links these conflicts to the social and political crises of early twenty first century Beirut
