stepped Didn't the Man Who Lets You Play with the Puppy say he would find his birthdays some time when he was walking along and not thinking about it He wanted very much to find his birthdays so he must be up and about it He would start at once he might find it before night and would show that Richard that he did know where to find his birthdays He knew that he could walk ever so far but was not so sure that he could keep from thinking about what he was looking for It was worth trying anyway If only he might step on his birthdays He must be careful though not to step on it with all his weight and bend it as he did the spoon it might be harder to straighten it out He rose and started for the road The other children were too busy with their playing to notice him Stepping lightly with eyes fixed on the ground Bobby trudged out through the yard into the road So he started out on his strange quest **A Birthday Cake.
