The Complete Smoke Series Tanya Huff, 2024-08-21 Tanya Huff's Smoke trilogy is now available in a single omnibus edition Book One Smoke and Shadows Working as a Production Assistant on a show about a vampire detective is nothing compared to Tony Foster's past as a vampire's lover True he's still wrangling beautiful people with big egos and the power to

crush him but there are far fewer demons and TV blood is colored corn syrup When shadows on set begin moving independently of the people they're supposed to be attached to Tony can't dismiss it as a trick of the light Especially not after finding a guest star dead in a locked dressing room The head of special effects may be an actual wizard but Tony still has to bring in his ex the vampire Henry Fitzroy to help defend against a terrifying otherworldly attack With survival unlikely Tony will have to assist his butt off to give them anything like a chance But being thrust into a spotlight doesn't make him a hero

Book Two Smoke and Mirrors When Darkest Night the highest rated vampire detective show in syndication sets up to film at an isolated historic mansion Tony Foster PA and wizard in training expects disruptions no cell signal extras bumbling around the set lighting cords tangled in hundred year old hallways He doesn't expect ghosts But hey a few dead folks wandering around shouldn't disturb much when only the sensitive can perceive them Unfortunately a number of the cast and crew turn out to be sensitive And the house isn't home to only a few spirits Trapped in the mansion overnight with his boss his vampire ex the smoking hot straight actor sending mixed signals and the executive producer's bratty kids Tony has to dodge sneak and scramble to cover up the unexplainable With memories of murders playing out around them the crew wants answers And the house wants blood

Book Three Smoke and Ashes Coming out of the wizard closet has barely changed Tony Foster's life He's been promoted to deploy sorcery against construction noise His crush on the gorgeous second lead has devolved to overanalyzing paparazzi pics His magic studies progress when he's not working or sleeping which is never When he intervenes to prevent a potentially fatal accident he discovers the stuntwoman involved is the immortal survivor of a 3500 year old sex cult with a hellgate tattooed around her midriff In return she tells Tony the dawn of a demonic convergence means he can look forward to eldritch horrors attempting entry to Vancouver through the Darkest Night soundstage They still owe the network two episodes so Tony as the on staff wizard needs to handle it Meanwhile the crew and one infuriating actor are endangering themselves trying to help and something's bound to give
