Barbara D. Livingston, 2005 Livingston's heart felt images and words capture a Saratoga alive with history tradition and beauty      *A Century at Yaddo* Hortense Calisher, 2000      **Cheever** Blake Bailey, 2009 John Cheever was one of the foremost chroniclers of post war America a peerless writer who on his death in 1982 left not only some of the best short stories of the twentieth century and a number of highly acclaimed novels but also a private journal that runs to an astonishing four million words Cheever's was a soul in conflict who hid his troubles alcoholism secret bisexuality behind the screen of genial life in suburbia but as John Updike came to remark Only he saw in its cocktail parties and swimming pools the shimmer of dissolving dreams Blake Bailey writing with unprecedented access to the journal and other sources has brought characteristic eloquence and sensitivity to his interpretation of Cheever's life and work This is a luminous biography that reveals behind the disguises with which he faced the world a troubled but strangely lovable man and a writer of timeless fiction Stunningly detailed Even more eloquent and resourceful than Bailey's celebrated biography of Richard Yates A Tragic Honesty Bailey's interweaving of Cheever's fiction with his experience is a tour de force New York Times Book Review

*Neoclassical Music in America* R. James Tobin, 2014-07-02 From the 1920s to the 1950s neoclassicism was one of the dominant movements in American music Today this music is largely in eclipse mostly absent in performance and even from accounts of music history in spite of and initially because of its adherence to an expanded tonality No previous book has focused on the nature and scope of this musical tradition *Neoclassical Music in America* Voices of Clarity and Restraint makes clear what neoclassicism was how it emerged in America and what happened to it Music reviewer and scholar R James Tobin argues that efforts to define musical neoclassicism as a style largely fail because of the stylistic diversity of the music that fall within its scope However neoclassicists as different from one another as the influential Igor Stravinsky and Paul Hindemith did have a classical aesthetic in common the basic characteristics of which extend to other neoclassicists This study focuses in particular on a group of interrelated neoclassical American composers who came to full maturity in the 1940s These included Harvard professor Walter Piston who had studied in France in the 1920s Harold Shapero the most

traditional of the group Irving Fine and Arthur Berger his colleagues at Brandeis Lukas Foss later an experimentalist composer whose origins lay in neoclassicism of the 1940s Alexei Haieff and Ingolf Dahl both close associates of Stravinsky and others Tobin surveys the careers of these figures drawing especially on early reviews of performances before offering his own critical assessment of individual works Adventurous collectors of recordings performing musicians concert and broadcasting programmers as well as music and cultural historians and those interested in musical aesthetics will find much of interest here Dates of composition approximate duration of individual works and discographies add to the work's reference value

*Flannery* Brad Gooch, 2009-02-25 The landscape of American literature was fundamentally changed when Flannery O'Connor stepped onto the scene with her first published book *Wise Blood* in 1952 Her fierce sometimes comic novels and stories reflected the darkly funny vibrant and theologically sophisticated woman who wrote them Brad Gooch brings to life O'Connor's significant friendships with Robert Lowell Elizabeth Hardwick Walker Percy and James Dickey among others and her deeply felt convictions as expressed in her communications with Thomas Merton Elizabeth Bishop and Betty Hester Hester was famously known as A in O'Connor's collected letters *The Habit of Being* and a large cache of correspondence to her from O'Connor was made available to scholars including Brad Gooch in 2006 O'Connor's capacity to live fully despite the chronic disease that eventually confined her to her mother's farm in Georgia is illuminated in this engaging and authoritative biography Praise for Flannery Flannery O'Connor one of the best American writers of short fiction has found her ideal biographer in Brad Gooch With elegance and fairness Gooch deals with the sensitive areas of race and religion in O'Connor's life He also takes us back to those heady days after the war when O'Connor studied creative writing at Iowa There is much that is new in this book but more important everything is presented in a strong clear light Edmund White This splendid biography gives us no saint or martyr but the story of a gifted and complicated woman bent on making the best of the difficult hand fate has dealt her whether it is with grit and humor or with an abiding desire to make palpable to readers the terrible mystery of God's grace Frances Kiernan author of *Seeing Mary Plain A Life of Mary McCarthy* A good biographer is hard to find Brad Gooch is not merely good he is extraordinary Blessed with the eye and ear of a novelist he has composed the life that admirers of the fierce and hilarious Georgia genius have long been hoping for Joel Conarroe President Emeritus John Simon Guggenheim Foundation *Chronicles of Saratoga* Evelyn Barrett Britten, 1959 **A History of Twentieth-Century British Women's Poetry** Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description **The Publishers Weekly**, 1986 [Charles Ives and His World](#) J.
