Jordan,2017-09-05 The largest known collection of ledger art ever acquired by one individual is Mark Lansburgh s diverse assemblage of more than 140 drawings now held by the Hood Museum of Art at Dartmouth College and catalogued in this important book The Cheyennes Crows Kiowas Lakotas and other Plains peoples created the genre known as ledger art in the mid nineteenth century Before that time these Indians had chronicled the heroic achievements of their warriors and chiefs on rock buffalo robes and tipi covers As they came into increasing contact with American traders the artists recorded their experiences in pencil and crayon drawings on paper bound in ledger or account books The drawings became known as ledger art This volume presents in full color the Lansburgh collection in its entirety The drawings are narratives depicting Plains lifeways through Plains eyes They include landscapes and scenes of battle hunting courting ceremony incarceration and travel by foot horse train and boat Ledger art also served to prompt memories of horse raids and heroic exploits in battle In addition to showcasing the Lansburgh collection Ledger Narratives augments the growing literature on this art form by providing seven new essays that suggest some of the many stories the drawings contain and that look at them from innovative perspectives The authors scholars of art history anthropology history and Native American studies touch on such themes as gender social status sovereignty tribal and intertribal politics economic exchange and confinement and space in a changing world The Lansburgh collection includes some of the most arresting examples of Plains Indian art and the essays in this volume help us see and hear the multiple narratives these drawings relate *War Dance at Fort Marion* Brad D. Lookingbill,2006 War Dance at Fort Marion tells the powerful story of Kiowa Cheyenne Comanche and Arapaho chiefs and

warriors detained as prisoners of war by the U S Army Held from 1875 until 1878 at Fort Marion in Saint Augustine Florida they participated in an educational experiment initiated by Captain Richard Henry Pratt as an alternative to standard imprisonment This book the first complete account of a unique cohort of Native peoples brings their collective story to life and pays tribute to their individual talents and achievements Throughout their incarceration the Plains Indian leaders followed Pratt s rules and met his educational demands even as they remained true to their own identities Their actions spoke volumes about the sophistication of their cultural traditions as they continued to practice Native dances and ceremonies and also illustrated their history and experiences in the now famous ledger drawing books Brad D Lookingbill s *War Dance at Fort Marion* draws on numerous primary documents especially Native American accounts to reconstruct the war prisoners story The author shows that what began as Pratt s effort to end the Indians resistance to their imposed exile transformed into a new vision to mold them into model citizens in mainstream American society though this came at the cost of intense personal suffering and loss for the Indians *Art from Fort Marion* Joyce M. Szabo,2007 During the 1870s Cheyenne and Kiowa prisoners of war at Fort Marion Florida graphically recorded their responses to incarceration in drawings that conveyed both the present reality of imprisonment and nostalgic memories of home The Silberman Collection is an unusually complete group of images that illustrate the artists fascination with the world outside the southern plains their living conditions and survival strategies as prisoners and their reminiscences of pre reservation life *American Indian Authors for Young Readers* ,1978 Indigenous Aesthetics Steven Leuthold,2010-07-05 What happens when a Native or indigenous person turns a video camera on his or her own culture Are the resulting images different from what a Westernized filmmaker would create and if so in what ways How does the use of a non Native art making medium specifically video or film affect the aesthetics of the Native culture These are some of the questions that underlie this rich study of Native American aesthetics art media and identity Steven Leuthold opens with a theoretically informed discussion of the core concepts of aesthetics and indigenous culture and then turns to detailed examination of the work of American Indian documentary filmmakers including George Burdeau and Victor Masayesva Jr He shows how Native filmmaking incorporates traditional concepts such as the connection to place to the sacred and to the cycles of nature While these concepts now find expression through Westernized media they also maintain continuity with earlier aesthetic productions In this way Native filmmaking serves to create and preserve a sense of identity for indigenous people **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
