*Art for a Purpose* Robert Radford,1987 This is designed to be a comprehensive study of the AIA a body formed in the 1930s to enable artists to join together to oppose war and fascism The record of the AIA s activities through the 1930s world war 2 and the politically testing time of the Cold War provides a perspective on British art during the period **Art and Form** Sam Rose,2019-03-25 This important new study reevaluates British art writing and the rise of formalism in the visual arts from 1900 to 1939 Taking Roger Fry as his starting point Sam Rose rethinks how ideas about form influenced modernist culture and the movement s significance to art history today In the context of modernism formalist critics are often thought to be interested in art rather than life a stance exemplified in their support for abstract works that exclude the world outside But through careful attention to early twentieth century connoisseurship aesthetics art education design and art in colonial Nigeria and India Rose builds an expanded account of form based on its engagement with the social world Art and Form thus opens discussions on a range of urgent topics in art writing from its history and the constructions of high and low culture to the idea of global modernism Rose demonstrates the true breadth of formalism and shows how it lends a new richness to thought about art and visual culture in the early to mid twentieth century Accessibly written and analytically sophisticated Art and Form opens exciting new paths of inquiry into the meaning and lasting importance of formalism and its ties to modernism It will be invaluable for scholars and enthusiasts of art history and visual culture **The Mass Observers** James Hinton,2013-03-14 This is the first full scale history of Mass Observation the independent social research organisation which between 1937 and 1949 set out to document the attitudes opinions and every day lives of the British people Through a combination of anthropological fieldwork opinion surveys and written testimony solicited from hundreds of volunteers Mass Observation created a huge archive of popular life during a tumultuous decade which remains central to British national identity The social history of these years has been immeasurably enriched by the archive and extracts from the writings of M O s volunteers have won a wide and admiring audience Now James Hinton whose acclaimed *Nine Wartime Lives* demonstrated how the intensely personal writing of some of M O s volunteers could be used to shed light on broader historical issues has written a wonderfully vivid and evocative account which does justice not only to the two founders whose tempestuous relationship dominated the early years of Mass Observation but also to the dozens of creative and imaginative and until now largely unknown young enthusiasts whose work helped to keep the show on the road The history of the organisation itself the staff the research methods the struggle for funding M O s characteristic voice and its role in the cultural and political life of the period are themselves as interesting as any of the themes that the founders set out to document This long awaited and deeply researched history corrects and revises much of our existing knowledge of Mass Observation opens up new and important perspectives on the organisation and will be seen as the authoritative account for years to come *Exhibition as Interior, Interior as Exhibition* Penny Sparke,Jana Scholze,Pat Kirkham,Ersi Ioannidou,Fiona

Fisher, Patricia Lara-Betancourt, 2025-12-11 Explores the relationship between exhibitions and interiors through their interconnected histories design and theory *The British National Bibliography* Arthur James Wells, 1968 **Woolf Studies Annual**, 2003 **Nights Out** Judith Walkowitz, 2012-05-15 London's Soho district underwent a spectacular transformation between the late Victorian era and the end of the Second World War its old buildings and dark streets infamous for sex crime political disloyalty and ethnic diversity became a center of culinary and cultural tourism servicing patrons of nearby shops and theaters Indulgences for the privileged and the upwardly mobile edged a dangerous transgressive space imagined to be outside the nation Treating Soho as exceptional but also representative of London's urban transformation Judith Walkowitz shows how the area's foreignness and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century She draws on a vast and unusual range of sources to stitch together a rich patchwork quilt of vivid stories and unforgettable characters revealing how Soho became a showcase for a new cosmopolitan identity *New Society*, 1987 *British and Irish Art 1945-1951* Adrian Clark, 2010 Summary This book puts history back into the history of art It approaches the British and Irish art worlds from the historical viewpoint avoiding theories unsupported by facts By studying the intricate mechanisms whereby artists turned oil on canvas into money or not the book explains how artists' reputations were made or broken Individual artists discussed include Francis Bacon Lucian Freud Henry Moore John Piper Graham Sutherland Jacob Epstein Ben Nicholson Barbara Hepworth and many more Readers will be startled and intrigued to find how such artists fought to survive amid the network of powerful individuals critics and gallery owners that controlled their destinies **The Paintings of William Coldstream, 1908-1987** Lawrence Gowing, William Coldstream, David Sylvester, Tate Gallery, 1990 **Roy de Maistre** Heather Johnson, Heather Melrose Johnson, 1995 This text explores de Maistre's work in the context of the art produced in England from 1930-1968 It discusses the light shed on current concerns in art and theory and reproduces many of de Maistre's work It is a sequel to the book *Roy de Maistre The Australian Years 1894-1930* **The British Library General Catalogue of Printed Books, 1986 to 1987** British Library, 1988 *The Reception of German Modern Art and Theory in England from 1908 to 1938* Susan King Obarski, 2006 **Communists and British Society, 1920-1991** Kevin Morgan, Gidon Cohen, Andrew Flinn, 2007 The revolutionary appeal of Communism in 20th century Britain is analyzed in this examination of why Communist Party members joined how they participated in the party's activities and why in many cases they left the party Archival resources hundreds of interviews and sociological analyses document the nature of left wing activism in Britain from its earliest incarnations to the schisms of the 1980s The role of Communism in British politics and society is illuminated by discussions of constructions of political authority the role of gender generation and social class and the significance of political space and mobility in recruitment **Library Catalog of the Metropolitan Museum of Art, New York** Metropolitan Museum of Art (New York, N.Y.). Library, 1983 **Subject Guide to Books in Print**, 2001 *Artbibliographies Modern*, 1988 Abstracts

of journal articles books essays exhibition catalogs dissertations and exhibition reviews The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century Photography is covered from its invention in 1839 to the present A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign language literature Approximately 13 000 new entries are added each year Published with title LOMA from 1969 1971 **Gillian Ayres** Mel Gooding, Gillian Ayres, 2001 This is the first book on major British abstract painter Gillian Ayres b 1930 Over 130 colour reproductions of her paintings accompany Mel Gooding's illuminating text making the book an essential contribution to the recent history of British art Books in Print, 1994 **Here We Stand** Colin Chambers, 2006 Paul Robeson's international achievements as a singer and an actor made him the most celebrated African American of his day But his outspoken criticism of racism in the USA his unflinching support for freedom movements in Africa and around the world and his association with Communism placed him under the debilitating scrutiny of McCarthyism Blacklisted and denied a passport he refused to alter his views but wrote his testimony Here I stand in answer to his accusers In this book Chambers looks at Robeson's career and the extent to which his work as an artist was compromised or reinforced by his dogged adherence to what he believed was right By way of comparison Chambers also looks at the life and work of both Isadora Duncan whose Soviet sympathies provoked hostility in her native America and Charlie Chaplin whose anti establishment stance led to his expulsion from the US In the light of these different experiences Chambers examines the role of rebel performers and asks important questions about how and why they are censored the politics of performance and the dilemma of the celebrity activist Newly topical in a world riven with fresh paranoia the result is fascinating and salutary reminder of the price that is paid by performers who win fame and try to remain faithful to their beliefs especially when those beliefs run counter to the prevailing ideology whatever that may be A successful performer speaks out at his or her peril then as now Book jacket flap
