Cezanne American Map Corporation, 2008-04-15 *Cézanne in Focus* Paul Cézanne, 2002 **Paul Cézanne** Nicola Nonhoff, Paul Cézanne, 2005 *Focus on Art in Society and Environment* Dellene Strong, 2004 This comprehensive teacher resource book provides you with complete units of work linking visual arts with humanities topics It was the Winner Primary Teacher Reference APA Awards for Excellence in Educational Publishing 2005 It contains 8 units focusing on topics drawn from the SOSE HSIE curriculum Each unit has 5 integrated planned and sequential Art lessons It includes 40 step by step lesson plans outcomes and indicators full colour art work The Focus on Art in Society and Environment *Cézanne* Alex Danchev, 2012-10-18 Today we view Cézanne as a monumental figure but during his lifetime 1839-1906 many did not understand him or his work With brilliant insight drawing on a vast range of primary sources Alex Danchev tells the story of an artist who was never accepted into the official Salon he was considered a revolutionary at best and a barbarian at worst whose paintings were unfinished distorted and strange His work sold to no one outside his immediate circle until his late thirties and he maintained that to paint from nature is not to copy an object it is to represent its sensations a belief way ahead of his time with stunning implications that became the obsession of many other artists and writers from Matisse and Braque to Rilke and Gertrude Stein Beginning with the restless teenager from Aix who was best friends with Emile Zola at school Danchev carries us through the trials of a painter tormented by self doubt who always remained an outsider both of society and the bustle of the art world Cézanne A life delivers not only the fascinating days and years of the visionary who would astonish Paris with an apple with interludes analysing his self portraits but also a complete assessment of Cézanne's ongoing influence through artistic imaginations in our own time He is as this life shows a cultural icon comparable to Monet or Toulouse-Lautrec **Cézanne's Shadows** Nancy Locke, 2025-04-08 Modernism has often been described as a rejection of the art of the past but Cézanne's Shadows makes an eloquent case for precisely the opposite artistic practice In this book Nancy Locke argues that the idea of a modernist forgetting would never have taken hold if the modernist painters themselves and Cézanne in particular had not wrestled so fiercely with the work of their predecessors Cézanne routinely interrupted his work with a model to go back to the Louvre or to consult sketches and studies he did after the old masters Exploring the importance of Cézanne's involvement with the art of the past in essays devoted to Poussin Chardin and Rubens Locke argues that Cézanne's art cannot be understood without an investigation into what he made of these earlier models and how they continued to haunt even his mature work Cézanne's Shadows offers an elegant new model for understanding the relationship between modernist painting and the creative tradition it often feigns to reject This study of artistic ambitions and an analysis of nineteenth century art writing will be especially valuable to scholars of modernism and European art history **Marseille & Western Provence Footprint Focus Guide** Kathryn Tomasetti, Tristan Rutherford, 2014-04-10 Footprintfocus Marseille and Western Provence explores this popular French destination which was European Capital of Culture 2013 Fully updated
