Art Of Coarse Sex:

The Art of Coarse Sex Michael Green, 2001 An addition to the classic Art of Coarse series The mysteries of sexual attraction and holiday romances the dismal failure of outdoor sex and sex for the flagging middle aged are all fearlessly discussed *The Art of Coarse Sex* Michael Frederick Green, 1983 **The Art of Coarse Sex, Or, How to Love Better and Die with a Beautiful Smile on Your Face** Michael Frederick Green, 1981 *The Writers Directory*, 2013 **The International Authors and Writers Who's who** Ernest Kay, 1986 **The Writer's Directory, 1998-2000** Miranda H. Ferrara, 1995 Information on more than 17 500 living authors from English speaking countries *Waterstone's Guide to Books* Waterstone & Co, 1988 **The Whole Story** John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences **Whitaker's Cumulative Book List**, 1984 *After You, Mark Twain* Betty Wetzel, 1990 A contemporary journey retracing Mark Twain's 1895-1896 lecture tour chronicled in his *Following the Equator* through Hawaii Australia New Zealand Bangladesh India Sri Lanka and South Africa Using quotable excerpts from Mark Twain's book reviews of his lectures and press interviews obtained from libraries and newspaper files along the way Wetzel contrasts what she encountered with Twain's world of 90 years ago *The Sexual Question: A Scientific, Psychological, Hygienic and Sociological Study* Auguste Forel, 2020-09-28 My object is to study the sexual question under all its aspects scientific ethnological pathological and social and to seek the best solution of the numerous problems connected with it Unfortunately in publications dealing with this subject eroticism usually plays a considerable part and it is difficult for an author to abstract himself from this for it is reflected unconsciously in his thoughts As all sentiment more or less warps judgment it is the duty of scientific criticism to eliminate eroticism in order to be exact and impartial We shall therefore do all that is possible to free ourselves from it in the course of the present study The sexual question is of fundamental importance for humanity whose happiness and well being depend largely on the best solution of this important problem In dealing with such a delicate subject I shall endeavor to avoid narrow mindedness and prejudice I shall avoid tiresome quotations and shall only employ technical terms when necessary as they rather interfere with the comprehension of the subject I shall take care to explain all those which appear to me indispensable My opinions on the sexual question are based on the one hand on my scientific study of the human brain and on the other hand on the long personal experience of an alienist who has devoted himself almost as much to normal mentality and questions of social hygiene as to pathological mentality I have however been obliged to rely on the fundamental work of Westermarck with regard to ethnology this subject being strange to me Concerning sexual psycho pathology I have followed the classification of Krafft Ebing The sexual question is extraordinarily complex and we cannot expect to find a simple solution for it as we can for the questions of alcoholism slavery torture etc The latter are solved in one word suppression Suppression of slavery and torture suppression of the usage of alcoholic drinks We are concerned here with ulcers artificially produced and preserved in human

society ulcers which must be simply extirpated Their suppression is nothing but beneficial since far from being connected with the normal conditions of human existence they place it in peril Sexual instinct and sentiment on the contrary have their roots in life itself they are intimately bound up with humanity and therefore require quite a different treatment But human society has guided them into false and pernicious ways It is important to turn them from these in order to tranquilize and regulate their course by damming them up and canalizing them **Dictionary of International Biography** ,2007 A biographical record of contemporary achievement together with a key to the location of the original biographical notes

The Sexual Question Auguste Forel,2015-11-07 The sexual question is of fundamental importance for humanity whose happiness and well being depend largely on the best solution of this important problem In dealing with such a delicate subject I shall endeavor to avoid narrow mindedness and prejudice I shall avoid tiresome quotations and shall only employ technical terms when necessary as they rather interfere with the comprehension of the subject I shall take care to explain all those which appear to me indispensable My opinions on the sexual question are based on the one hand on my scientific study of the human brain and on the other hand on the long personal experience of an alienist who has devoted himself almost as much to normal mentality and questions of social hygiene as to pathological mentality I have however been obliged to rely on the fundamental work of Westermarck with regard to ethnology this subject being strange to me Concerning sexual psychopathology I have followed the classification of Krafft Ebing The sexual question is extraordinarily complex and we cannot expect to find a simple solution for it as we can for the questions of alcoholism slavery torture etc The latter are 4 solved in one word suppression Suppression of slavery and torture suppression of the usage of alcoholic drinks We are concerned here with ulcers artificially produced and preserved in human society ulcers which must be simply extirpated Their suppression is nothing but beneficial since far from being connected with the normal conditions of human existence they place it in peril Sexual instinct and sentiment on the contrary have their roots in life itself they are intimately bound up with humanity and therefore require quite a different treatment But human society has guided them into false and pernicious ways It is important to turn them from these in order to tranquilize and regulate their course by damming them up and canalizing them The fundamental axiom of the sexual question is as follows With man as with all living beings the constant object of all sexual function and consequently of sexual love is the reproduction of the species It is therefore necessary to treat the question from the point of view of the natural sciences physiology psychology and sociology This has already been done more than once but usually in erudite treatises which only look upon one side of the question or on the other hand in a superficial and often frivolous manner To ensure happiness humanity should desire to reproduce itself in a manner which elevates progressively all the physical and mental faculties of man with regard to health and bodily strength as much as to sentiment intelligence will creative imagination love of work joy of living and the sentiment of social solidarity Every attempt made to solve the sexual question should therefore be directed toward the future and toward the happiness of our descendants **British**

Books in Print ,1985 **The writers directory** [Anonymus AC00423973],1991 Sexual Personae Camille Paglia,1990-09-10 In this brilliantly original book Camille Paglia identifies some of the major patterns that have endured in western culture from ancient Egypt and Greece to the present According to Paglia one source of continuity is paganism which undefeated by Judeo Christianity continues to flourish in art eroticism astrology and pop culture Others she says are androgyny sadism and the aggressive western eye which has created our art and cinema Paglia follows these and other themes from Nefertiti and the Venus of Willendorf to Apollo and Dionysus from Botticelli and Michaelangelo to Shakespeare and Blake and finally to Emily Dickinson who along with other major nineteenth century authors becomes a remarkable example of Romanticism turned into Decadence Paglia offers provocative views of literature art history psychology and religion She focuses for example on the amorality voyeurism and pornography in great art that have been ignored or glossed over by most critics She discusses sex and nature as brutal daemonic forces and she criticizes feminists for sentimentality or wishful thinking about the causes of rape violence and poor relations between the sexes She stressed the biologic basis of sex differences and sees the mother as an overwhelming force who condemns men to lifelong sexual anxiety from which they escape through rationalism and physical achievement She examines the culture and style of modern male homosexuals She demonstrates how much of western life art and thought is ruled by personality which she traces through recurrent types or personae such as the female vampire Medusa Lauren Bacall the pythoness the Delphic oracle Gracie Allen the beautiful boy Hadrian s Antinous Dorian Gray the epicene man of beauty Lord Byron Elvis Presley and the male heroine Baudelaire Woody Allen Her book will stimulate and awe readers everywhere **Funny You Should Say That** Andrew Martin,2006-11-30 A fool and his words are soon parted wrote William Shenstone in 1764 one might add that A wit and his words are rarely collected Here is the antidote a dazzling survey of the funniest remarks quips and observations from Ancient Rome the Bible and Chaucer right up to The Simpsons and Little Britain Over 5 000 of the very funniest remarks to have appeared on paper since well paper was invented The quotations are arranged thematically and cover all aspects of life from the world we inhabit to the things we eat smoke and drink from the way we move around to what and how we learn oh and the pointlessness of football There is a short biography of all of the authors in the book a brief contextual note for each quotation and an index of keywords to help you find you chosen witticism quickly But do not be over hasty when you use this book it is a browser s delight and should be enjoyed at leisure **The British National Bibliography** Arthur James Wells,2001
