They not only drew definitive versions of the medium's greatest characters including The Flash Batman Captain America Superman Thor Green Lantern Spider-Man Dr. Strange Green Arrow and more but set trends in the art of comic book storytelling. Now this popular and influential body of work along with each artist's thoughts ideas and commentary is presented in *The Silver Age of Comic Book Art* a coffee table comic book art history book written and designed in a daringly different format by comic book historian and illustrator Arlen Schumer and published in hardcover and digital e-book editions by Archway Publishing from Simon Schuster. Dynamic spreads of the actual printed comic art graphically enlarged are integrated with comic styled text often by the artists themselves that replaces the original comic book copy with more personalized prose that places the art firmly in the period it was created the turbulent 1960s. By creating a comic book history book that reads like a comic book Schumer succeeds spectacularly in making you see as if for the first time the comics you've been reading your whole life. Arlen Schumer documents an important period in comic book history told with an explosive format and stunning design. It reflects the kinetic rhythm of the era. Will Eisner 1917-2005 creator of *The Spirit* and the graphic novel *A Contract with God*. Through the years I've had the pleasure of seeing many books that pay tribute to the art of comics but Arlen Schumer has created an entirely new format in presenting the art and words of the artists. It's the most comprehensive and personal way a fan or colleague can learn what lies beneath the art. Arlen has found the perfect way to inform and entertain. It's simply awesome and the best representation of my work ever. Gene Colan 1926-2011 legendary comic book artist. A lovingly crafted tribute to the superhero comic of the 1960s. *The Silver Age of Comic Book Art* recaptures the four color visionary surge of the era its jet age psychedelic rush of imagination and the titanic luminous guises both real and imaginary that glittered in its moment. For a brief moment in the late 20th century it seemed as if the spirit of the age wore a vivid leotard a chest emblem and traveled in a strobing blur of speed lines. For anyone with any interest in or affection for that moment this beautiful volume is indispensable. Alan Moore author of *Swamp Thing* and *Watchmen*.
