medieval Europe is discussed **The Art of Medieval Jewelry** T.N. Pollio, 2021-09-30 What are the origins of the imagery
and designs on common jewelry and portable artwork between late antiquity and the Middle Ages These dynamic centuries
encompass the transformation of the Greco Roman world into the nascent kingdoms and medieval states upon which most
modern European nations are based The choices of jewelry and other forms of personal expression among the lower classes
in ancient times is notoriously difficult to contextualize for a number of reasons Nonetheless these precious articles were
expressions of individual identity as well as signifiers of rites of passage As such they reflect not only the people who wore
them but also the social milieu and artistic trends at that moment in time This new study assists in identifying the types
origins and routes of transmission of personal artwork particularly finger rings across Europe and Byzantium an area of
study that has been neglected in previous works Some of this material represents the first time relevant research from
