Art and the Crisis of Marriage Vivien Green Fryd, 2003 Between the two world wars middle class America experienced a marriage crisis that filled the pages of the popular press Divorce rates were rising birthrates falling and women were entering the increasingly industrialized and urbanized workforce in larger numbers than ever before while Victorian morals and manners began to break down in the wake of the first sexual revolution Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America s most familiar and beloved artists Georgia O Keeffe 1887 1986 and Edward Hopper 1882 1967 Combining biographical study of their marriages with formal and iconographical analysis of their works Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings Hopper s many representations of Victorian homes in sunny tranquil landscapes for instance take on new meanings when viewed in the context of the artist s own tumultuous marriage with Jo and the widespread middle class fears that the new urban multidwelling homes would contribute to the breakdown of the family Fryd also persuasively interprets the many paintings of skulls and crosses that O Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz s long term affair with Dorothy Norman Art and the Crisis of Marriage provides both a penetrating reappraisal of the interconnections between Georgia O Keeffe s and Edward Hopper s lives and works as well as a vivid portrait of how new understandings of family gender and sexuality transformed American society between the wars in ways that continue to shape it today

The Art of Marriage Catherine Blyth, 2010 Joining your life with another person s until death do you part is perhaps the biggest decision you can take But once the vows have been sworn the cake has been cut and the honeymoon is over what are the secrets of a lasting marriage The Art of Marriage explains why marriage matters

This timeless institution still casts its spell not thanks to the sentimental grip of tradition but because it eases the ups and downs of existence and makes them meaningful. Each marriage is unique so there are no universal laws for being a good husband or wife. But Catherine Blyth's insights and anecdotes gather wisdom from history, psychology, and couples who have been there to show how best to negotiate the three-legged obstacle race that is married life. Whether it's upturned loo seats, badly squeezed toothpaste in laws who should be outlawed, rows over the rubbish, or sly wandering eyes, you will find a solution in this entertaining survivor's guide. Karasu, Toksoz Byram Karasu, 2005 Given the fact that 50% of marriages end in divorce, you would think marriage wouldn't be so popular, but getting married is one of the most popular of all life events. In fact, many new couples are willing to face considerable debt for the wedding ceremony alone. It seems that many people spend more time on planning the wedding than on thinking about marriage and what it entails. **The Art of Marriage Maintenance** is about marital life after the wedding. It is about psychological and biological difficulties between men and women that make marriage so challenging. It is about why passion is in danger of fading within marriage, how hormones exacerbate behavior, and how the brain confounds us. It is about how pregnancy and having young children and adolescents often catapult a marriage to its breaking point and how the stresses of mid-life contribute to marital discord. It is in effect how to ensure a happy enduring marriage. It is the art of marriage maintenance. There are people that have a desire to be so selfish that you may not have a choice in the matter.
