Art Of Renaissance Venice Architecture Sculpture And Painting 1460 159:

The Art of Renaissance Venice Norbert Huse, Wolfgang Wolters, 1990-12-15 In the first contemporary single volume survey of the three arts of Venice painting sculpture and architecture Norbert Huse and Wolfgang Wolters offer an important counterbalance to the traditional orientation toward painting as the city's preeminent art by focusing on architecture as the essential Venetian art They begin their study in 1460 when Venice was one of the key powers of Italy and end with the death of Tintoretto in 1594 a period of waning international power In the process they define the distinctly Venetian terms by which the city and its culture should be understood With over three hundred illustrations and an exhaustive bibliography this volume makes an impressive contribution to art historical scholarship The historical aspect of this book is splendid but where it excels is in its fearless and thought provoking critical judgements it will lead both beginners and experts to new joys David Ekserdjian Times Literary Supplement

The Art of Renaissance Venice Norbert Huse, Wolfgang Wolters, 1993-10-30 Norbert Huse and Wolfgang Wolters provide the first contemporary single volume survey of the three arts of Venice painting sculpture and architecture They offer an important counterbalance to the traditional orientation toward painting as the city's preeminent art by focusing on architecture as the essential Venetian artistic medium In the process they define the distinctly Venetian terms by which the city and culture should be understood Huse and Wolters begin their study with 1460 when Venice was one of the key powers of Italy and end their discussion with the death of Tintoretto in 1594 a period of waning international power Wolfgang Wolters outlines the city's development and present a typological survey of Venetian architecture A review of sculptors and their works follows Norbert Huse opens the next section on painting by describing the changed situation of painters at the end of the fifteenth century He explores the different forms and functions of Venetian paintings in three distinct periods With over three hundred illustrations and an exhaustive bibliography this volume successfully fills a gap in art historical scholarship From publisher's description

Venice & Antiquity Patricia Fortini Brown, 1996-01-01 Inscriptions medals and travelers accounts on more learned humanist and antiquarian writings and most importantly on the art of the period Brown explores Venice's evolving sense of the past She begins with the late middle ages when Venice sought to invent a dignified civic past by means of object image and text Moving on to the fourteenth and fifteenth centuries she discusses the collecting and recording of antiquities and the incorporation of Roman forms

Art of Renaissance Venice, 1400 1600 Loren Partridge, 2015-03-14 A comprehensive and richly illustrated survey of Venetian Renaissance architecture sculpture and painting created between 1400 and 1600 addressed to students travellers and the general public The works of art are analysed within Venice's cultural circumstances political economic intellectual and religious and in terms of function style iconography patronage classical sources gender art theories and artist's innovations rivalries and social status The text has been divided into two parts the fifteenth century and the sixteenth century each part preceded by an introduction that recounts the history of Venice to 1500 and to 1600 respectively including the city's

founding ideology territorial expansion social classes governmental structure economy and religion The twenty six chapters have been organized to lead readers systematically through the major artistic developments within the three principal categories of art governmental ecclesiastic and domestic and have been arranged sequentially as follows civic architecture and urbanism churches church decoration ducal tombs and altarpieces refectories and refectory decoration section two only confraternities architecture and decoration palaces palace decoration devotional works portraits secular painting and halls of state villas and villa decoration The conclusion offers an overview of the major types of Venetian art and architectural patronage and their funding sources Provided by publisher **Index to Book Reviews in Religion** ,1992

Renaissance Art in Venice Tom Nichols, 2016-08-30 Art and architecture have always been central to Venice but in the Renaissance period between c 1440 and 1600 they reached a kind of apotheosis when many of the city's new buildings sculpture and paintings took on distinctive and original qualities The spread of Renaissance values provided leading artists such as Gentile and Giovanni Bellini Giorgione Palladio Titian and Tintoretto with a licence for artistic invention This inventiveness however also needs to be understood in relation to the artists and artworks that still conformed to the more traditional corporate and public values of Venetianness Venezianit By adopting a chronological approach with each chapter covering a successive twenty five year period and focusing attention on the artists Tom Nichols presents a vivid and easily navigable study of Venetian Renaissance art Through close visual analyses of specific works from architecture to illuminated manuscripts he puts the formative power of art back at the heart of this remarkable story
