episodes of the franchise evaluates the ways in which Lucas blended science fiction with the most ancient and epic tales of traditional samurai and Western swordsmen. It presents swordsmanship as a way to better understand the Jedi Knights, focusing on the human movement and activity surrounding the weapon and the ways in which traditional Japanese martial arts were adapted for use in the films. Topics of discussion include the powerful effects of the master-apprentice relationship, the technical choreography used in the lightsaber scenes of the Star Wars films, and the historical precedents for the Jedi order, including the Sohei fighting monks of Japan, the Janissaries and Mamelukes of Islam, and the knights of the Templar, Hospitaller, and Teutonic orders.
