Tarozzi Goldsmith,1999-09-02 Draws upon a wide range of aesthetic theories and artworks in order to challenge the view that art is valueless or purely subjective

**Contemporary British Art** Grant Pooke,2012-11-12 The last few decades have been among the most dynamic within recent British cultural history Artists across all genres and media have developed and re fashioned their practice against a radically changing social and cultural landscape both national and global This book takes a fresh look at some of the themes ideas and directions which have informed British art since the later 1980s through to the first decade of the new millennium In addition to discussing some iconic images and examples it also looks more broadly at the contexts in which a new post conceptual generation of artists those typically born since the late 1950s and 1960s have approached and developed aspects of their professional practice Contemporary British Art is an ideal introduction to the field To guide the reader the book is organised around genres or related practices painting sculpture and installation and film video and performance The first chapter explores aspects of the contemporary art market and some of the contexts within which art is made supported and exhibited The chapters that discuss various genres of art practice also mention books that may be useful to support further reading Extensively illustrated with a wide range of work both known and less well known from artists such as Chris Ofili Rachel Whiteread Damien Hirst Banksy Anthony Gormley Jack Vettriano Sam Taylor Wood Steve McQueen and Tracey Emin and many more

*Barbarism Revisited* ,2015-10-27 The figure of the barbarian has captivated the Western imagination from Greek antiquity to the present Since the 1990s the rhetoric of civilization versus barbarism has taken center stage in Western political rhetoric and the media But how can the longevity and popularity of this opposition be accounted for Why has it become such a deeply ingrained habit of thought that is still being so effectively mobilized in Western discourses The twenty essays in this volume revisit well known and obscure chapters in barbarism s genealogy from new perspectives and through contemporary theoretical idioms With studies spanning from Greek antiquity to the present they show how barbarism has functioned as the negative outside separating a civilized interior from a barbarian exterior as the middle term in between savagery and civilization in evolutionary models as a repressed aspect of the civilized psyche as concomitant with civilization as a term that confuses fixed notions of space and time or as an affirmative notion in philosophy and art signifying radical change and regeneration Proposing an original interdisciplinary approach to barbarism this volume includes both overviews of the concept s travels as well as specific case studies of its workings in art literature philosophy film ethnography design and popular culture in various periods geopolitical contexts and intellectual traditions Through this kaleidoscopic view of the concept it recasts the history of ideas not only as a task for historians but also literary scholars art historians and cultural analysts
