historic odyssey created multi award winning best selling albums and changed their lives forever *Absolute Music, Mechanical Reproduction* Arved Ashby, 2010-06-07 Recordings are now the primary way we hear classical music especially the more abstract styles of absolute instrumental music In this original provocative book Arved Ashby argues that recording technology has transformed our understanding of art music Contesting the laments of nostalgic critics Ashby sees recordings as socially progressive and instruments of a musical vernacular but also finds that recording and absolute music actually involve similar notions of removing sound from context He takes stock of technology's impact on classical music addressing the questions at the heart of the issue This erudite yet concise study reveals how mechanical reproduction has transformed classical musical culture and the very act of listening breaking down aesthetic and generational barriers and mixing classical music into the soundtrack of everyday life **The Pianist's Craft** Richard P. Anderson, 2012 No pianist can experience the full flowering of her art without eventually grappling with those great musical minds who composed specifically for piano In *The Pianist's Craft* Richard Anderson collects from his fellow pianist scholars 19 articles on the teaching preparation and performance of works by the greatest composers in the standard piano repertoire This collection ranges in subject matter from Inge Rosar's meditation on playing Bach on the modern keyboard to Gary Amato's assessment of Haydn's sonatas from Christie Skousen's review of tone production in Chopin to Gwenolyn Mok's foray into recreating Ravel's works on an Erard piano the same used by Ravel himself Readers will find essays as well on Mozart's piano compositions Beethoven's sonatas the influence of Schubert's lieder on his piano works and works by Schumann Liszt Brahms Debussy Rachmaninoff Scriabin Prokofiev Shostakovich Bartók Gershwin and Crumb The contributors all recognized nationally and internationally for their contributions as performing artists teachers recording artists and clinicians write thoughtfully about the composers whose work they have studied and played for years Each author addresses issues unique to the individual composer they have chosen to explore examining questions of phrasing tempo articulation dynamics rhythm color gesture lyricism instrumentation and genre Valuable insight is provided into teaching performing and preparing these great works In *The Pianist's Craft* these great artists and teachers answer questions for readers that are otherwise only addressed in conferences master classes and private lessons In this collection of essays key points of information and instruction are offered with over 200 musical examples included as illustration *The Pianist's Craft* is intended for teachers and students of the intermediate and advanced levels of piano instructors and performers at the university level and those who love piano and piano music generally *College Guide for Performing Arts Majors* Carole J. Everett, Peterson's, 2009-09-14 Describes graduate programs in art dance music and theater and lists undergraduate programs *Chasing Chopin* Annik LaFarge, 2021-08-10 The Frédéric Chopin Annik LaFarge presents here is not the melancholy sickly romantic figure so often portrayed The artist she discovered is instead a purely independent spirit an innovator who created a new musical language an autodidact who became a spiritually generous trailblazing teacher a stalwart patriot during a time of revolution and exile

In *Chasing Chopin* she follows in his footsteps during the three years 1837-1840 when he composed his iconic Funeral March dum dum da dum using its composition story to illuminate the key themes of his life: a deep attachment to his Polish homeland, his complex relationship with writer George Sand, their harrowing but consequential sojourn on Majorca, the rapidly developing technology of the piano which enabled his unique tone and voice, social and political revolution in 1830s Paris, friendship with other artists from the famous Eugène Delacroix to the lesser known yet notorious in his time Marquis de Custine. Each of these threads—musical, political, social, personal—is woven through the Funeral March in Chopin's Opus 35 sonata, a melody so famous it's known around the world even to people who know nothing about classical music. But it is not as LaFarge discovered the piece of music we think we know. As part of her research into Chopin's world then and now, LaFarge visited piano makers, monuments, churches, and archives; she talked to scholars, jazz musicians, video game makers, software developers, music teachers, theater directors, and of course dozens of pianists. The result is extraordinary: an engrossing, page-turning work of musical discovery and an artful portrayal of a man whose work and life continue to inspire artists and cultural innovators in astonishing ways.

Lili Kraus Steven Henry Roberson, 2000. Her long and distinguished performing career included appearances with the world's major orchestras and over a hundred recordings.

Shura Cherkassky Elizabeth Carr, 2006-01-12. Shura Cherkassky's life story, like his piano playing, is provocative and captivating. At his death in 1995, Cherkassky was considered one of history's greatest pianists as well as the last direct link to the Romantic piano tradition of Chopin, Liszt, and Anton Rubinstein. Cherkassky's story merits telling not only for his musical achievements but also for the inspiration he provided by demonstrating tenacity, integrity, common sense, and uncommon courage. Cherkassky began his concert playing life in Ukrainian Odessa at a time of lethal civil strife. Escaping with his parents to America, the child prodigy came under the tutelage of famed pianist Josef Hofmann, whose unfailing personal and professional assistance continued for more than twenty years. Cherkassky overcame poverty, prejudice against his Jewish origins, and unhappiness from his ambivalence over his homosexuality to forge an impressive touring and recording career, an enormous musical repertoire, and an intriguing personality both on stage and off. From his sensational 1923 American debut tour to sold-out concerts on six continents, Cherkassky retained his brilliance throughout a seventy-five year professional career. As a close friend for his last twenty years, author Elizabeth Carr traveled with Cherkassky on tour, attending recording and rehearsal sessions and watching him practice, plan programs, and cope with pianos, acoustics, conductors, and orchestras. Her role as confidante results in a keen understanding of Cherkassky both as a human being and a performer. Through observations, anecdotes, sixteen pages of photos, and personal correspondence reprinted in the book, this biography offers extensive research never before published and an intimate look at the man and his music.

Bach Perspectives, Volume 13 Laura Buch, 2020-12-14. Scholars and performers have long noted J. S. Bach's abundant use of parody procedures that is the recycling and reworking of pre-existing material from his own compositions or from other sources. Laura Buch edits

essays exploring how the composer parodied the work of others and how other composers did the same with him The contributors delve into the works of Baroque era composers from Bach himself to C P E Bach Johann Caspar Ferdinand Fischer and Ferruccio Busoni But they also cast a wider net investigating the ways Bach's music cross pollinates with contemporary composer performers John Lewis and the Modern Jazz Quartet and keyboardist Bernie Worrell and Parliament Funkadelic The diverse contexts illuminate a broad range of parody techniques from structural scaffolding and contrapuntal elaboration to integration with stylistic languages far removed from the Baroque An insightful look at how composers build on each other's work Bach Reworked reveals how nuanced understandings of parody procedures can fuel both musical innovation and historically informed performance Contributors Stephen A Crist Ellen Exner Moira Leanne Hill Erinn E Knyt and Markus Zepf
