Women, the Arts, and Dictatorship in the Portuguese-Speaking Context Ana Gabriela Macedo,Margarida Esteves Pereira,Joana Passos,Márcia Oliveira,2024-06-17 This book deals with the work of twentieth century women artists and literary authors from Portugal Brazil and Portuguese speaking African countries against the backdrop of political dictatorships The essays in this volume reflect upon and challenge canonical perspectives on the arts and literature bringing to light some of the hidden and silenced faces of Lusophone culture By doing so they highlight how dominant ideologies marked the artistic and literary practices of Portuguese speaking women and how these women in turn developed strategies of resistance through their creative work The volume brings together contributors working in a range of disciplines including literary criticism the visual arts and film studies all of whom reflect on themes such as the reactions of women artists to authoritarianism the representations of political repression in their work the colonial war and the critical revision of this historical moment by a younger generation of artists It addresses scholars critics students and cultural workers with an interest in post colonial and feminist studies in the Portuguese speaking context **Readers' Advisory Service in North**

American Public Libraries, 1870-2005 Juris Dilevko,Candice F.C. Magowan,2007-02-13 Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries By 2005 almost every public library in the United States and Canada offered some form of readers advisory service The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers Historical analysis case studies and statistical charts augment the book s central argument Public Relations Cases Danny Moss,Barbara DeSanto,2010-07-16 This unique collection of contemporary international public relations case studies gives the reader in depth insight into effective public relations

practice in a range of organizational contexts The cases demonstrate the breadth of modern public relations practice and the increasing importance and sophistication of this function both in public and private sector organizations This second edition of Public Relations Cases builds on the success of the previous edition to offer new insights into the changing face of contemporary public relations and the development of PR and communication strategies The book also examines The use of social media and blogging as a communications medium The growing importance of corporate social responsibility programmes Local authority identity change High profile international charitable fundraising Sports sponsorship Property sector PR Featuring cases from around the world including the UK India Korea Denmark Croatia and the US this book is an invaluable resource for teachers researchers and students working in public relations corporate communication and public affairs

The Great War Dan Todman, 2014-03-04 The First World War with its mud and the slaughter of the trenches is often taken as the ultimate example of the futility of war Generals safe in their headquarters behind the lines sent millions of men to their deaths to gain a few hundred yards of ground Writers notably Siegfried Sassoon and Wilfred Owen provided unforgettable images of the idiocy and tragedy of the war Yet this vision of the war is at best a partial one the war only achieving its status as the worst of wars in the last thirty years At the time the war aroused emotions of pride and patriotism Not everyone involved remembered the war only for its miseries The generals were often highly professional and indeed won the war in 1918 In this original and challenging book Dan Todman shows views of the war have changed over the last ninety years and how a distorted image of it emerged and became dominant
