Bastard or Playmate? David Depestel, Boris Debackere, Robrecht Vanderbeeken, Christel Stalpaert, 2025-10-01 Artistic media seem to be in a permanent condition of mutation and transformation. Contemporary artists often investigate the limits and possibilities of the media they use and experiment with the crossing, upgrading, and mutilation of media. Others explicitly explore the unknown intermedial space between existing media, searching for the hybrid beings that occupy these in-betweens. This issue of *Theater Topics* explores the theme of mutating and adapting media in its relation with theatre and performance. Bringing together international scholars and artists, this book provides a comprehensive overview of the subject. Throughout, *Bastard or Playmate* is responsive to the cross-disciplinary use of key concepts such as remediation, digitization, interactivity, corporeality, liveness, surveillance, spectacle, performativity, and theatricality. The book guides readers new to the area of intermediality as well as experienced researchers into one of the
