books and reading Some time ago in particular a lively pleasant popular writer devoted an essay lively and pleasant like himself to a very encouraging view of the profession We may be glad that his experience is so cheering and we may hope that all others who deserve it shall be as handsomely rewarded but I do not think we need be at all glad to have this question so important to the public and ourselves debated solely on the ground of money The salary in any business under heaven is not the only nor indeed the first question That you should continue to exist is a matter for your own consideration but that your business should be first honest and second useful are points in which honour and morality are concerned If the writer to whom I refer succeeds in persuading a number of young persons to adopt this way of life with an eye set singly on the livelihood we must expect them in their works to follow profit only and we must expect in consequence if he will pardon me the epithets a slovenly base untrue and empty literature
