Art Of Christian Listening:

The Art of Christian Listening Thomas N. Hart,1980 Discusses how one can serve others by listening to their stories and describes the objectives and limits of the role of a Christian listener **The Art of Listening in the Early Church** Carol Harrison,2013-07-04 The sense of hearing was particularly important in the ancient world when the majority of people were illiterate Rhetoric has been given attention in this context but listening has been virtually ignored This book deals with the practical and theological issues which listening to an incorporeal unknowable God raised for early Christians **Holy Listening** Margaret Guenther,1992-01-25 Guenther uses the images of the spiritual director as host teacher and midwife to describe the ministry of spiritual direction today She pays particular attention to spiritual direction for women and addresses such down to earth questions as setting time and privacy The stories of real people bring the practice of spiritual direction alive In the pages that follow I will attempt to describe the shape that spiritual direction might take for people of our time aware that the subject is an elusive one I am speaking to the beginner those persons lay or ordained with or without formal theological training who find themselves drawn to this ministry Perhaps they feel the stirring of their own unacknowledged gifts Or perhaps they wonder about receiving direction whether it is a ministry available to ordinary people or reserved for the especially holy I hope some dark corners will be illuminated and some questions answered **The Art of Listening in the Early Church** ,2013 **The Art of Spiritual Listening** Alice Fryling,2009-02-04 HAVE YOU HEARD Life shouts God whispers How can we hear God s whispers when the struggles and worries of life distract us How can we quiet our souls The Art of Spiritual Listening is about learning to listen to the gentle persistent voice of God and help others hear God s voice as well With insightful and creative reflections Alice Fryling guides us through Scripture passages that teach us how to experience and hear God more fully Here you will find ways to Become more attentive to God s spirit Understand how to hear God s voice in your own life Learn how to help others develop the discipline of listening to God s leading With an emphasis on spiritual direction The Art of Spiritual Listening includes Bible study questions prompts for personal reflection and notes for leaders who wish to use the book in a group If your life is too noisy to hear God or if you want to hear his voice more clearly The Art of Spiritual Listening will guide you to a deeper understanding of what it means to respond to God s invitation to listen *The Faithful Librarian* Garrett B. Trott,2019-09-18 What do Christianity and librarianship have in common Netherlands Prime Minister and theologian Abraham Kuyper 1837 1920 was among the first in the modern era to attempt to rejoin the dichotomy of sacred vs secular study when he said no single piece of our mental world is to be hermetically sealed off from the rest Over the years a number of publications have followed Kuyper s lead yet little has been written on the subject since Greg A Smith s notable *Christian Librarianship* 2002 Building on Smith s work this volume seeks to bridge the sacred secular divide with an exploration of how Christianity and the gospel are manifested through the profession of librarianship **Sacred Listening** James L. Wakefield,2006-08-01 A profound call to Christian discipleship An intensive

course in Christian faith A creative freedom to serve God that is deeply grounded in Scripture These are ways to describe Sacred Listening James L Wakefield s adaptation of the classic Spiritual Exercises of Ignatius Loyola Central to the Society of Jesus Jesuits the Spiritual Exercises is a manual used to direct a month long spiritual retreat Now adapting these time honored Exercises specifically for Protestant Christians James L Wakefield encourages readers to integrate their secular goals with their religious beliefs and helps them reflect on the life of Jesus as a model for their own discipleship Combining scholarship with classic forms of spirituality Sacred Listening will interest church leaders and lay Christians who want to deepen their faith

Educating People of Faith John H. Van Engen, 2004 A much needed addition to the emerging literature on the formative power of religious practices Educating People of Faith creates a vivid portrait of the lived practices that shaped the faith of Jews and Christians in synagogues and churches from antiquity up to the seventeenth century This significant book is the work of Jewish Roman Catholic Orthodox and Protestant scholars who wished to discover and describe how Jews and Christians through history have been formed in religious ways of thinking and acting Rather than focusing solely on either intellectual or social life the authors all use the concept of practices as they attend to the embodied contextual character of religious formation Their studies of religious figures community life and traditional practices such as preaching sacraments and catechesis are colorful detailed and revealing The authors are also careful to cover the nature of religious education across all social levels from the textual formation of highly literate rabbis and monks engaged in Scripture study to the local formation of illiterate medieval Christians for whom the veneration of saints shrines street performances of religious dramas and public preaching by wandering preachers were profoundly formative Educating People of Faith will benefit scholars and teachers desiring a fuller perspective on how lived practices have historically formed people in religious faith It will also be useful to practical theologians and pastors who wish to make the resources of the past available to practitioners in the present Contributors John C Cavadini Anne L Clark Lawrence S Cunningham Joseph Goering Robert Goldenberg Stanley Samuel Harakas Robert M Kingdon Blake Leyerle Michael A Signer Philip M Soergel David C Steinmetz John Van Engen Lee Palmer Wandel Robert Louis Wilken Elliot R Wolfson

The Oxford Handbook of Music Listening in the 19th and 20th Centuries Christian Thorau, Hansjakob Ziemer, 2019 An idealized image of European concertgoers has long prevailed in historical overviews of the nineteenth and twentieth centuries This act of listening was considered to be an invisible and amorphous phenomenon a naturally given mode of perception This narrative influenced the conditions of listening from the selection of repertoire to the construction of concert halls and programmes However as listening moved from the concert hall to the opera house street music and jazz venues new and visceral listening traditions evolved In turn the art of listening was shaped by phenomena of the modern era including media innovation and commercialization This Handbook asks whether how and why practices of music listening changed as the audience moved from pleasure gardens and concert venues in the eighteenth century to living rooms in the twentieth century and mobile devices in the twenty first Through these questions chapters enable a differently conceived history of listening and offer an agenda for future research
