Art Of Dora Carrington:

The Art of Dora Carrington Jane Hill, 1994 At the age of 38 Dora Carrington 1893 1932 committed suicide unable to contemplate living without her companion Lytton Strachey who had died a few weeks before Lytton was the lynchpin of a life in which friendships making a home and her own artistic output jockeyed for attention The association with Lytton and his Bloomsbury friends combined with her own modesty have tended to overshadow Carrington's contribution to Modern British painting This important book goes a long way to redress the balance looking at the immense range of her work portraits landscapes glass paintings letter drawings and decorative work which reveal Carrington as a significant artist of her period
