A. Halikowski Smith, 2011-05-25 The Indian Ocean World was an idea borne out by researchers in economic history and trade in the 1980s

in response to the compartmentalization of specific area studies within the wider rubric of Asian civilisations and culture Professor Kirti N Chaudhuri's books *Trading World of Asia and the English East India Company* 1978 and then *Trade and Civilization in the Indian Ocean* 1985 figured amongst the forefront of this new movement in historical thinking undertaking detailed historical analysis first of the English East India Company and then a comparative cultural history of Asian material life and civilisation Today historians continue to hold on to the idea of an Indian Ocean world although studies now follow a number of different threads from themes like linguistics and creolization to the seeds of national consciousness By presenting a number of studies here gathered into the themes of *Intermixing The World of Trade and Colonial Paths* it is hoped we can render tribute to one of the outstanding historians in this field and reflect the plenitude of current research in this subject area

**The Oxford Encyclopedia of Women in World History** Bonnie G. Smith, 2008 The *Encyclopedia of Women in World History* captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The *Oxford Encyclopedia of Women in World History* benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The *Encyclopedia* contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike
