World A. Kondo,2000-04-30 This book presents a comparative analysis of residential social economic and political rights for
aliens We will analyse the concepts of nationality and citizenship Some foreigners are increasingly able to enjoy traditional
citizenship rights though residential and or regional citizenship *Embedded Systems Design* Bruno
Bouysseoune,2005-03-30 This extensive and increasing use of embedded systems and their integration in everyday
products mark a significant evolution in information science and technology Nowadays embedded systems design is subject
to seamless integration with the physical and electronic environment while meeting requirements like reliability availability
robustness power consumption cost and deadlines Thus embedded systems design raises challenging problems for research
such as security reliable and mobile services large scale heterogeneous distributed systems adaptation component based
development and validation and tool based certification This book results from the ARTIST FP5 project funded by the
European Commission By integration 28 leading European research institutions with many top researchers in the area this
book assesses and strategically advances the state of the art in embedded systems The coherently written monograph like
book is a valuable source of reference for researchers active in the field and serves well as an introduction to scientists and

Resources in Education ,1992 *Majolica Mania* Susan Weber,2021-01-12 The first comprehensive study of the most
important ceramic innovation of the 19th century Colorful wildly imaginative and technically innovative majolica was
functional and aesthetic ceramic ware Its subject matter reflects a range of 19th century preoccupations from botany and

zoology to popular humor and the macabre Majolica Mania examines the medium's considerable impact from wares used in domestic settings to monumental pieces at the World's Fairs. Essays by international experts address the extensive output of the originators and manufacturers in England including Minton Wedgwood and George Jones and the migration of English craftsmen to the U.S. New research including information on important American makers in New York, Baltimore and Philadelphia is also featured. Fully illustrated, the book is enlivened by new photography of pieces from major museums and private collections in the U.S. and Great Britain. Migration, Transmission, Localisation: Visual Art in Singapore (1886-1945) Yeo Mang Thong, 2019-03-31 Drawing mainly on advertisements and comics in Chinese newspapers, Singaporean scholar and educator Yeo Mang Thong demonstrates how Singapore was an important hub for artists who travelled to and lived in Singapore. Yeo's research features amongst other things essays on sojourning artists and fills a gap in scholarship on the pre-war visual arts scene in Singapore. Originally in Chinese, this English translation aims to bring his research to a broader audience. The Publisher, 1901
