## **Artemisia Un Duel Pour Limmortalite:**

**Artemisia Gentileschi Around 1622** Mary D. Garrard, 2001-02-21 In this admirable work at once passionately argued and lucidly written Professor Garrard effectively considers the social psychological and formal complexity of the shaping and reshaping not only of the artist's feminine and feminist identity in the misogynistic society of the seventeenth century but also of that identity in the discipline of art history today Steven Z Levine author of *Monet Narcissus and Self Reflection* Mary Garrard's detailed investigation into attribution problems in two Artemisia Gentileschi paintings brilliantly interweaves connoisseurship constructions of gender and artistic identity and historical analysis The result is a richer and more nuanced vision of the best known female artist in western history before the modern era and an important contribution to feminist studies Whitney Chadwick author of *Women Art and Society* In her new book Garrard has taken two bold steps that challenge much received opinion in the discipline of art history Analyzing two of Gentileschi's least violent but most moving images Garrard argues that the painter's personality is discernible no less in the subjects and their interpretation than in the style of the works consideration of both aspects is essential to understanding the meaning of these extraordinary pictures and her authorship Perhaps even more important Garrard makes crystal clear that Artemisia Gentileschi far from a good woman painter was one of the major visual thinkers of her time Irving Lavin co author with Marilyn Aronberg Lavin of *La Liturgia d'Amore Immagini dal Canto dei Cantici nell'arte di Cimabue Michelangelo e Rembrandt* Modena 2000 Developing her earlier methodologies and revising some conclusions Garrard clarifies her distinct theoretical approach and voice among feminist critiques of art history In this text which reads in part like a forensic mystery Garrard builds not only an argument for attributions of particular works but a new understanding of Gentileschi herself at a particular moment in history Hilary Robinson editor of *Visibly Female Feminism and Art Today* One of our most distinguished feminist art historians brings contemporary gender studies to bear on traditional paintings connoisseurship to show how attributions to female artists have often been governed by tacit cultural assumptions about the limitations of women Her case makes compelling reading for anyone interested in early modern society culture women and art in Italy and in the problematics of feminism and art history Kathleen Weil Garris Brandt author of *Leonardo e la Scultura* By revealing a great woman painter's ways of expressing uniqueness while negotiating expectations Mary Garrard helps each of us with the subtleties of remaining authentic while living in the world Artemisia Gentileschi around 1622 is art history to live by Gloria Steinem , *Artémisia* Alexandra Lapierre, 2010 En 1611 Rome dans un atelier du quartier des artistes la jeune Artemisia se bat avec fureur pour imposer son talent Son adversaire le plus redoutable n'est autre que son père son maître le célèbre peintre Orazio Gentileschi Il voudrait cacher au monde la sensualité et surtout le génie de sa fille Mais la vie va bouleverser ses plans *Artemisia Gentileschi and the Business of Art* Christopher R. Marshall, 2024-06-11 A new account of the renowned Baroque painter revealing how her astute professional decisions shaped her career style and legacy Art has long been viewed as a calling a quasi religious

vocation that drives artists to seek answers to humanity's deepest questions Yet the art world is a risky competitive business that requires artists to make strategic decisions especially if the artist is a woman In *Artemisia Gentileschi and the Business of Art* Christopher Marshall presents a new account of the life work and legacy of the Italian Baroque painter revealing how she built a successful four decade career in a male dominated field and how her business acumen has even influenced the resurrection of her reputation today when she has been transformed from a footnote of art history to a globally famous artist and feminist icon Combining the most recent research with detailed analyses of newly attributed paintings the book highlights the business considerations behind Gentileschi's development of a trademark style as she marketed herself to the public across a range of Italian artistic centers The disguised self portraits in her early Florentine paintings are reevaluated as an effort to make a celebrity brand of her own image And challenging the common perception that Gentileschi's only masterpieces are her early Caravaggesque paintings the book emphasizes the importance of her neglected late Neapolitan works which are reinterpreted as innovative responses to the conventional practices of Baroque workshops *Artemisia Gentileschi and the Business of Art* shows that Gentileschi's remarkable success as a painter was due not only to her enormous talent but also to her ability to respond creatively to the continuously evolving trends and challenges of the Italian Baroque art world

**Painting as Business in Early Seventeenth-century Rome** Patrizia Cavazzini, 2008 *Painting as Business in Early Seventeenth Century Rome* offers a new perspective on the world of painting in Rome at the beginning of the Baroque from both an artistic and a socioeconomic point of view Biased by the accounts of seventeenth century biographers who were often academic painters concerned about elevating the status of their profession art historians have long believed that in Italy and in Rome in particular paintings were largely produced by major artists working on commission for the most important patrons of the time Patrizia Cavazzini's extensive archival research reveals a substantially different situation Cavazzini presents lively and colorful accounts of Roman artists daily lives and apprenticeships and investigates the vast popular art market that served the aesthetic devotional and economic needs of artisans and professionals and of the laboring class *Painting as Business* reconstructs the complex universe of painters collectors and merchants and irrevocably alters our understanding of the production collecting and merchandising of painting during a key period in Italian art history
