*Politics (Canadian Edition)* Larry

W. Johnston, 2012-11-30 The latest edition of Politics offers a comprehensive and comparative approach to the essential components of democratic politics in today's states. The book begins by addressing ways of thinking about politics, community and society, offering broad outlines of political theory in a historical context. Johnston then provides a comparative framework for understanding basic democratic systems, which is drawn upon in subsequent sections on institutions, the political process and governing. The result is an accessible introduction to contemporary democratic politics that is also deeply theoretical and comparative in scope. The fourth edition has been revised throughout and rewritten with a more focused narrative. The student-friendly design incorporates more visuals and sidebars as well as chapter objectives and a glossary in order to make the material easily digestible. In addition, a new companion website provides self-study support for students along with a wealth of materials for instructors to draw from when developing lectures, tutorials, assignments and exams. **Marketing Strategy, 1st Edition** O. C. Ferrell, Michael Hartline, Bryan W. Hochstein, Marc Boivin, 2023-03-13 Marketing Strategy: Theory and Cases, Canadian Edition, enables students to think and act like marketers and disruptors in a dynamic and fast-paced environment. Current events and examples provided through this text serve as reminders of the necessity for marketers to be proactive and adaptable. Students will learn a systematic process for developing long-term customer-oriented marketing strategies and plans. This edition provides a truly Canadian perspective, including cases that relate to the unique Canadian environment.

Politics, Society, and the Media, Second Edition Paul Nesbitt-Larking, 2007-01-01 Politics, Society, and the Media is the first comprehensive political sociology of the media to be published in Canada. Paul Nesbitt-Larking draws upon a range of disciplines, including cultural and media studies, political economy, social theory, and political science, to provide an analysis of the relationship between power and representation in Canada. The framework for the book presents a model of the mutual interaction between politics and the media. Attention is focused in the early chapters on how cultural, ideological, economic, and governmental forces shape and condition the production of media in Canada. Chapters on the work of Innis, Grant McLuhan, and their postmodern successors place the evolution of McLuhan's theoretical argument that the medium is the message at the heart of the book. Canadian identity and how to understand Canadian media politically is the subject of a chapter on textual analysis. Two extensive chapters follow on the media's influence and effects on politics. In addition to standard topics on politics and the media, this new edition offers much more: an examination of the media on the politics of gender and Aboriginal peoples, the micro-politics of the media workplace, and an exploration of important media-related considerations. Throughout, reference is made to relevant and compelling issues placed within the context of media theory.
