Bureau of the Census, 1961 **Foreign Social Science Bibliographies**, 1964 Delving Deep Paula O'Kane, John R. Busenbark, Aaron F. McKenny, Sotirios Paroutis, 2024-12-12 This volume answers questions such as what do researchers want to know more about What is innovative and emerging that will change research in the future What techniques are often overlooked that could open the door to new research questions or provide a more robust test of familiar questions *Studies on Contemporary Chinese Philosophy (1949-2009)* Qiyong GUO, 2018-01-29 Guo

Qiyong's edited volume on contemporary Chinese philosophy offers a detailed look at research on Chinese philosophy published from 1949-2009 in Mainland China and Taiwan. The chapters in this volume are broken down into either major themes or time periods in the history of Chinese philosophy. In each chapter, after summarizing significant aspects of a particular theme or time period, lists are drawn up of the most important works along with comments on their individual contributions. This volume allows readers to both familiarize themselves with specific texts and become immersed in the more general philosophical discourse surrounding the history of Chinese philosophy. It provides an in-depth look into serious debates and major discoveries in Chinese language philosophical scholarship from 1949-2009. International Conference on Humanity and Social Science, (ICHSS2014), 2014-07-15 The conference will be held in Guangzhou, China, during June 29-30, 2014. The aim/objective of ICHSS2014 is to present the latest research and results of scientists related to Humanity and Social Science topics. This conference provides opportunities for the different areas delegates to exchange new ideas and application experiences face to face to establish business or research relations and to find global partners for future collaboration. We hope that the conference results constituted significant contribution to the knowledge in these up-to-date scientific fields. ICHSS2014 is supposed to be the largest technical event on Humanity and Social Science in Guangzhou in 2014. The focus of the conference is to establish an effective platform for institutions and industries to share ideas and to present the works of scientists, engineers, educators, and students from all over the world. The organizing committee of the conference is pleased to invite prospective authors to submit their original manuscripts to ICHSS2014. As preparation for ICHSS2014, hundreds of contributions were received and reviewed. Most of these contributions have brought us a new possible solution to our problems; some of them can even be called a breakthrough. All these researches have been included in this book. I believe it will be of great value to your future study. Fundamentals of Social Sciences and Library Consortia Dr. R. K. Bhatt & Mr. Mahesh Chand, 2021-09-11 The present book entitled *Fundamentals of Social Sciences and Library* is an attempt to bring to gather the fundamental concept of the umbrella term Social Science, which normally consists of four basic disciplines: namely, Political Science, Economics, Sociology, and History. Though at a later stage the multidisciplinary approaches have widened the scope of social science, thereby resulting in the inclusion of several disciplines which in one context or the other are directly related to the study of human beings. The present effort intends to study the most significant and important area of study in respect of a social institution known as The Library. Thus the present work involves selected senior library professionals who not only have adequate background and knowledge of social science disciplines along with sound knowledge of the organization and management of the library. The book is divided into six chapters: namely i) Social Science: An Overview; ii) Political Science; iii) Economics; iv) Sociology; v) History; vi) Consortia and Social Sciences. The book will be useful to the students pursuing the studies in the field of library and information science, teachers involved in teaching the

course which involves the teaching of multidisciplinary content especially the social science vis vis libraries as well as by all those who wants to study and do research the role of libraries and their contribution in the growth and development of social science disciplines *The Philosophy of Social Science* Garry Potter,2014-06-11 New Perspectives of the Philosophy of Social Science provides a comprehensive history explanation and critique of empiricism and positivism within the natural and social sciences as well as an overview of the interpretivist hermeneutic tradition in social science Questions concerning the criteria for judging truth and validity the nature of rationality social reality and scientificity unfold in a uniquely accessible dialogue format Students with no previous knowledge of this highly contested field will find themselves taken on an entertaining and challenging philosophical journey The dialogue anticipates the most frequently asked questions of such readers provides clear explanations of all specialised terminology and contextualises contemporary debates It thus transforms potential confusion into a clear understanding of complex issues The text shows how the perspectives of earlier traditions persist in modified form covering poststructuralism postmodernism critical theory feminist epistemology and concludes with a critical realist account of both natural and social science New Perspectives of the Philosophy of Social Science is essential reading for students of social theory and the philosophy of social science Students across the full range of social science disciplines will find the book of interest Sociology students will find it a particularly valuable resource
