Basil Of Caesarea Transformation Of The Classical Heritage :

Basil of Caesarea Philip Rousseau,1998 The Oxford Handbook of Early Christian Studies Susan Ashbrook Harvey,David G. Hunter,2008-09-04 Provides an introduction to the academic study of early Christianity c 100 600 AD and examines the vast geographical area impacted by the early church in Western and Eastern late antiquity from publisher description **Aspects of the Liturgical Year in Cappadocia (325-430)** Jill Burnett Comings,2005 The fourth century was pivotal in the evolution of the feasts and fasts of late antique Christian communities While earlier scholars have focused on developments in Jerusalem Rome and the Gallican West the liturgical year in Cappadocia remains largely uncharted territory *Aspects of the Liturgical Year in Cappadocia 325 to 430* fills that gap relying primarily on the liturgical year homilies of the Cappadocian Fathers in order to provide for the first time a comprehensive study of liturgical calendars from Cappadocia and environs during the period between the Councils of Nicaea and Ephesus This volume is a valuable resource for students of liturgical time the Cappadocians and fourth century doctrinal controversies *The Cambridge Companion to the Council of Nicaea* Young Richard Kim,2021-01-07 Demonstrate the profound legacy of The Council of Nicaea with fresh sometimes provocative but always intellectually rich ideas **Triadosis** Eduard Borysov,2021-01-01 The complex nature of Christian communion with a personal God requires a nuanced expression Since its inception the early church affirmed God's unknowable nature and also participation in God through Christ The church fathers employed the language of theosis in talking about union with God and human transformation in the likeness of God However the term theosis or deification is a broad category and requires precise explanation to avoid human dissolution into the divine in the mystical union it attempts to describe In *Triadosis* Eduard Borysov offers a new approach to the conundrum of the impalpable divine nature and the prospect of personal union between human and the Trinity Most significantly he proposes that if God is Trinity then we are created and restored in the image of the same tri personal God *They who Give from Evil* Brenda Llewellyn Ihssen,2013-01-31 The purpose of *They Who Give from Evil* is to consider the financial and salvific implications of usury on the community and the individual soul as it is addressed within the sermons of a selection of early Christian Greek authors in the historical context of the fourth century Roman Empire Although focusing on two Greek texts St Basil's Homily on Psalm Fourteen and *Against Those Who Practice Usury* by St Gregory of Nyssa Ihssen is able to shed fascinating insight on Roman life and illustrate the rich social justice theologies of the patristic world Emperors and Bishops in Late Roman Inveective Richard Flower,2013-05-02 This innovative study illuminates the role of polemical literature in the political life of the Roman empire by examining the earliest surviving invectives directed against a living emperor Written by three bishops Athanasius of Alexandria Hilary of Poitiers Lucifer of Cagliari these texts attacked Constantius II 337 61 for his vicious and tyrannical behaviour as well as his heretical religious beliefs This book explores the strategies employed by these authors to present themselves as fearless champions of liberty and guardians of faith as they sought to bolster their authority at a time when

they were out of step with the prevailing imperial view of Christian orthodoxy Furthermore by analysing this unique collection of writings alongside late antique panegyrics and ceremonial it also rehabilitates anti imperial polemic as a serious political activity and explores the ways in which it functioned within the complex web of presentations and perceptions that underpinned late Roman power relationships

Passion and Compassion in Early Christianity Susan Wessel, 2016-06-09 This book examines how early Christians cultivated affective compassion as a virtue in a Roman world that valued emotional tranquillity

The Vision of Didymus the Blind Grant D. Bayliss, 2015 The work offers a comprehensive exploration of the moral vision of Didymus the Blind and concludes that it cannot easily be categorized as Alexandrian theology

Die Würde des Menschen Ulrich Volp, 2006-10-01 There can be no doubt that there is a link between early Christian statements on human dignity and the corresponding modern concept as it appears ever more frequently in current bioethical debates This study attempts to throw light on the surprisingly complex process of the emergence of such a Christian concept of human dignity in antiquity and portrays it as a process governed by contradictions and antagonisms between biblical and platonic anthropology between a platonic and a stoic perception of humanity between gnostic and antignostic cosmology between biblically based criticism of human culture on the one hand and heilsgeschichtlichem cultural optimism on the other hand between Greek and Roman thinking This history of the idea of the dignity of man is being recounted taking into consideration the complex matrix of Christian theory and practice including issues such as worship contraception and abortion piety and theological reflection ethics liturgy and theological as well as cultural anthropology Bei dieser Studie handelt es sich um den Versuch einer zusammenfassenden Darstellung der christlich antiken Auseinandersetzung mit der Würde des menschlichen Lebens Diese wird nicht nur gegenwärtig etwa in der Bioethik wieder kontrovers diskutiert sondern ist auch in der Antike ein Feld philosophischer und theologischer Überlegungen gewesen Volp fragt inwieweit sich in den Schriften der antiken christlichen Denker die Vorstellung einer mit einer besonderen Würde ausgestatteten gemein menschlichen Natur findet die Menschen von Tieren und von belebter und unbelebter Materie unterscheidet und wie diese Natur gefaßt und begründet wird Ausgehend von der These daß diese Überlegungen nicht nur Auswirkungen auf die ethische und religiöse Praxis der Alten Kirche hatten sondern umgekehrt auch entscheidend von ihr geprägt wurden konzentriert sich die Arbeit nicht nur auf die theoretischen Überlegungen der Kirchenväter sondern bezieht ethische Konkretionen Schwangerschaftsabbruch Umgang mit Menschen mit Behinderungen Krieg und den christlichen Kult mit in die Untersuchung ein Zum Vorschein kommt ein überraschend komplexes Bild einer alles andere als selbstverständlichen geistesgeschichtlichen Entwicklung deren Folgen bis in die heutige Zeit nachwirken

Beeley, Mark E. Weedman, 2018-02-09 The past thirty years have seen an unprecedented level of interest in early Christian biblical interpretation from major scholarly initiatives to more popular resources aimed at pastors and general readers The fields of Biblical Studies and Patristics Early Christian Studies each arrived at the study of early Christian biblical interpretation largely from their own standpoints and they tend to operate in relative isolation from one another This book aims to bring the two fields into closer conversation in order to suggest new avenues into the study of the deeply biblical dimension of patristic theology as well as the contribution that patristic exegesis can make to contemporary views of how best to interpret

the Bible Based on a multi year consultation in the Society of Biblical Literature The Bible and Early Trinitarian Theology features leading scholars from both fields who bring new insights to the relationship between patristic exegesis and current strategies of biblical interpretation specifically with reference to the doctrine of the Trinity Following an account of how each field came to study patristic exegesis the book offers new studies of Trinitarian theology in Old Testament Johannine and Pauline biblical texts and the patristic interpretation of them combining the insights of modern historical criticism with classical historical theology It promises to make a valuable contribution to both fields suggesting several new avenue into the study of early biblical literature and the development of Trinitarian theology **Moralia Et Ascetica Armeniaca**

,2021-12-17 The twenty three discourses presented in this volume have a long textual history that ascribes them to St Gregory the Illuminator of Armenia d 328 a prevalent view that lasted through the nineteenth century Armenian scholarship through the last century has tended to ascribe them to St Mashtots the inventor of the Armenian alphabet d 440 In his critical introduction to this first ever English translation of the discourses Terian presents them as an ascetic text by an anonymous abbot writing near the end of the sixth century The very title in Armenian Ya axapatum a k literally Oft Repeated Discourses further validates their ascetic environment where they were repeatedly related to novices For want of answers to introductory questions regarding authorship and date and because of the pervasive grammatical difficulties of the text the document has remained largely unknown in scholarship The discourses include many of the Eastern Fathers favorite theological themes They are heavily punctuated with biblical quotations and laced with recurring biblical images and phraseology the doctrinal and functional centrality of the Scriptures is emphasized throughout They are replete with traditional Christian moral teachings that have acquired elements of moral philosophy transmitted through Late Antiquity Echoes of St Basil s thought are heard in several of them and some evidence of the author s dependence on the Armenian version of the saint s Rules translated around the turn of the sixth century is apparent On the whole they show how Christians were driven by the Johannine love command and the Pauline Spirit guided practice of virtuous living ever maturing in the ethos of an in group solidarity culminating in monasticism
