Basil Letters 59 185 Harvard Loeb Classical Series 215 Volume 2:

Byzantine Materiality Evan Freeman, Roland Betancourt, 2024-06-04 This volume explores the power of matter and materials in the Eastern Roman Empire also known as Byzantium Recent attention to matter as dynamic and meaningful constitutes an emerging interdisciplinary field of inquiry known as materiality new materialism or the material turn Materials can be symbolic but matter can also act on human subjects This volume builds on these insights to consider the role of matter materials form and embodied experiences in Byzantium In many respects Byzantine materiality represents a continuation of its Greco Roman inheritance which was also shared by neighboring peoples such as the Umayyads and Abbasids But the Byzantines also developed their own unique perspectives on matter and form as with their parsing of the sacred materialities of icons the Eucharist and relics Chapters in this volume consider the cultural meanings and functions of materials such as gold and ivory the materiality of icons and relics experiences of objects as well as Byzantine philosophies of matter and form Materiality takes center stage in Byzantine constructions of power luxury belief and identity which will be of interest to scholars and students of Byzantium and the wider medieval world [Christ, the Spirit, and Human Transformation in Gregory of Nyssa's in Canticum Canticorum](#) Alexander L. Abecina, 2023-09-15 It is generally agreed that *virg* is Gregory of Nyssa's first written work composed sometime in the early 370s Recent scholarly interest in the text has tended to focus upon Gregory's alleged ranking of different forms of married and celibate life in relation to fourth century Christian asceticism Rarely however has the overtly ascetical subject matter of the work been studied with regard to one of the most pressing doctrinal debates of the 370s and 380s namely the dispute over the status of the Holy Spirit a matter which the Cappadocian Fathers took up with great force against the Macedonians who denied the Spirit's essential unity with the Father and the Son This chapter therefore investigates the role Gregory assigns to the Holy Spirit in the virgin's spiritual marriage or union with Christ I will show that Gregory stresses throughout the work that such union with Christ is in fact impossible for the naturally weak and fallen virgin unless it is actualised by the life giving power of the Holy Spirit who shares in the very attributes of purity incorruptibility and virginity that are proper to the Father and the Son This he expounds with direct reference to baptismal theology Thus read in light of the debates with the Macedonians in the 370s and 380s *virg* can be understood to prescribe a form of ascetical life which rests upon the characteristically anti Macedonian conviction that the Spirit who is received at baptism unites humanity to the Son and the Father because the Spirit is himself essentially united to the Son and the Father This analysis of pneumatology in *virg* is of central importance to my study of *hom* in *Cant* both works portray humanity's union with Christ under the metaphor of marriage That Gregory construes this nuptial union in thoroughly pneumatological and hence baptismal terms in his earliest work serves to attune my focus upon resonant pneumatological and baptismal themes that shed light on his exegesis of the Song of Songs in his final written work
