Basque Country Labourd Lower Navarre Soule:

The Basque country, 1993-01-01 **The Basques of Lapurdi, Zuberoa, and Lower Navarre** Philippe Veyrin, 2011

Classic book on the Basques of Iparralde French Basque Country originally published in 1942 treating Basque history and culture in the region **The Basques** Kelly Mass, The Basques are an ethnic group indigenous to Southwestern Europe distinguished by their unique genetic heritage ancient language Euskara and distinct cultural practices Their homeland known as the Basque Country Euskal Herria spans both sides of the Pyrenees covering areas in north central Spain and southwestern France and lies along the Bay of Biscay Basque identity traces back to ancient populations such as the Vascones and Aquitanians resulting in a rich and enduring cultural legacy that remains highly distinctive even today In recent years advances in genetic research have provided remarkable insights into Basque origins A pivotal study published in 2015 revealed that the Basques are primarily descended from Neolithic farmers who arrived in the Iberian Peninsula thousands of years ago These early agriculturalists intermingled with the local Mesolithic hunter gatherers in the region but later became genetically isolated diverging significantly from other European populations over millennia This long standing genetic isolation has likely contributed to the unique characteristics of the Basque people and their differentiation from surrounding groups **History of France** Kelly Mass, This book consists of four titles which are Franco Prussian War The Franco Prussian War also known as the Franco German War or in France the War of 1870 was a pivotal conflict between the Second French Empire and the North German Confederation which was led by the Kingdom of Prussia This war lasted from 19 July 1870 to 28 January 1871 and its consequences would shape European geopolitics for decades The primary cause of the war stemmed from France s desire to reaffirm its dominance in continental Europe which had been seriously challenged after Prussia s decisive victory over Austria in the Austro Prussian War of 1866 This defeat shifted the balance of power in Europe making France anxious about its standing Jean Jacques Rousseau Jean Jacques Rousseau born in 1712 in Geneva Switzerland was a philosopher author and composer whose work had a profound impact on the intellectual and political landscape of the 18th century He is best known for his political philosophy which laid the groundwork for many of the principles that influenced the Enlightenment and later shaped the French Revolution The Basques The Basques are an ethnic group indigenous to Southwestern Europe distinguished by their unique genetic heritage ancient language Euskara and distinct cultural practices Their homeland known as the Basque Country Euskal Herria spans both sides of the Pyrenees covering areas in north central Spain and southwestern France and lies along the Bay of Biscay The Seven Years War The Seven Years War 1756 1763 marked a global struggle for supremacy between two major powers of the time Great Britain and France This conflict unfolded across continents and influenced various colonial and European theaters laying the groundwork for modern geopolitics **Territory and Terror** Jan Mansvelt Beck, 2004-11-10 All Basque interpretations of national power have resulted in an uneasy mix of often fragmented and conflicting territorial identifications Basques can identify themselves

with France Spain or an imagined Basque nation state Territory and Terror confronts the imagined and actual territorial dimensions of nationalism shedding new light on the Basque conflict The study provides a rich description of territoriality analysed from a comparative perspective and explores the relation between territoriality and regional differences in conflict intensity It supplies an account of the oft overlooked internal struggles between Basques arguing that overestimation of Basque nationalism as the ideological force behind the conflict often leads to a disregard of the identification of many with France or Spain In addition the author investigates the conflicts between Basque nationalists themselves over key issues such as terrorist activity Territory and Terror will appeal to students and researchers of nationalism and territoriality in particular to those with an interest in the Basque country

Before Babel Joseba Gabilondo, 2016-04-01 *Before Babel* A History of Basque Literatures is the first book written originally in English and directed towards a global audience It is also a new departure from traditional literary histories as it is not a philological tedious classification of centuries authors genres and books published in Basque This book addresses the historical conflict and violence that define Basque history and culture and so it defines Basque literary history as that of at least two literatures one expressed by Basque subaltern oppressed classes in their language euskara which mainly constitutes an oral tradition and the other written by Basque elites in Spanish Latin French etc The book emphasizes that this double literature remains at the core of the Basque Country s history and culture to our days Even today Basque literature in euskara Basque language plays a symbolic role to represent a Basque Country where the majority speaks and writes in other state languages Euskara used by a minority remains subordinate In this respect this book is a departure from previous Basque literary histories it redefines Spanish and French literatures advances a new theory of what a minority literature is and pays attention to texts disciplines and practices that traditional histories neglect political discourse anthropology tourism economics This history also represents a review of most literary historical discourses new historicism postcolonial theory multiculturalism subaltern studies and presents a new methodological and theoretical proposal Finally this history allows to revisit under a new light political and historical movements such as nationalism feminism modernity and globalization As a result different authors such as Sabino Arana Judah Halevi Maddalen Lujambio Axular Hugo Unamuno Itxaro Borda or Oteiza are brought together
