Blind Conspiracy:

The Armageddon Conspiracy Mike Hockney, 2011-09-30 King Solomon is one of the Bible's most famous figures responsible for building the Holy Temple that housed the Ark of the Covenant. Yet Solomon died as an apostate. How could a man famed for his wisdom reach the conclusion that God was false? The Armageddon Conspiracy reveals the answer to this greatest Biblical mystery. The Temple of Solomon was not the house of God at all but a special chamber designed to contain a unique weapon for which Solomon had the most astounding purpose in mind. Solomon, a man obsessed with witchcraft and magic, believed he had found the key to the supreme mystery of life but he died before he could complete his mission. The world's oldest secret society of which Solomon was the Grand Master still exists and now its members are about to perform the final cataclysmic ceremony Solomon had planned for so long. Could it bring the universe to an end? *Conspiracy Films* Barna William Donovan, 2014-01-10 For many years conspiracy theories have been among the most popular story elements in Hollywood films. According to the conspiracy culture, Government, Big Business, the Church, even aliens, all of which bundled together, comprise the ubiquitous. They are concealing some of the biggest secrets in American and world history. From *The Manchurian Candidate* 1962 to *JFK* 1991, *The Matrix* 1999 to *The Da Vinci Code* 2006, this decade-by-decade history explores our fascination with paranoia. The work paints a vivid picture of several of the more prevalent conspiracy theories and the entertainment they have inspired, not only in theatrical films but also in such television series as *The X-Files*, *Lost*, and *V*.

Conception of Conspiracy Ollie Fobbs, 2016-09-02 The Conception of Conspiracy: an Attack on Humanity has more to do with the lifestyle that we as a God-Filled people have adopted than it does with the realities of our lives as a people. The true reality is that the Kingdom of God is real and that it is working against the kingdom of darkness to take back what is rightfully hers. The conception has to do with supernatural order. God sent this Nation to be set apart for worship and the celebration of life, and no, it didn't start out that way with thousands of sad deaths and all the rest. God's plan is a plan of simplicity and Favour and Justice and Love and power and Authority, and his plan is that we would bring forth His Kingdom here on the earth now in preparation for the Kingdom that is to come in the near future. As a woman prepares to give birth, her child is not born right away; neither are lies and deceit; they grow over time but as God is love, he has given us a way out. The real quest at hand is: do we want to take it? [The Politics of Everyday Fear](#) Brian Massumi, 1993 The contemporary consumer is bombarded with fear-inducing images and information. This media shower of imagery is equaled only by the sheer quantity of fear-assuaging products offered for our consumption. The contributors address questions raised by the saturation of social space by capitalized fear. **The Blind Storyteller** Iris Berent, 2020 Do newborns think? Do they know that three is greater than two? Do they prefer right to wrong? Laypeople hold strong beliefs on such topics. These beliefs are stories we tell ourselves about what we know and who we are. They reflect our understanding of ourselves and others and shape our thinking about topics such as mental disorders, free will, and the afterlife. But many of these stories are misguided.

We the storytellers are blind How could we get it so wrong In a novel provocative theory Berent proposes that our errors emanate from the very principles that make our minds tick Our blindness to human nature is rooted in human nature itself

Secrets and Conspiracies, 2022-02-14 Secrets and conspiracies have always played an important role in human history and today conspiracy theories have become a rather disconcerting practice for picturing our world and our relations with each other How seriously are we to take them then Are we to completely discard them as political rhetoric purposeful misinformation or even individual delusions Or should we take them as serious perhaps even scientific theories This collection purports to provide a sober analysis of the much debated issues and tries to develop and outline conceptual and theoretical tools to make sense of what secrets and conspiracies truly are **WHAT IS THE TRUTH AND SPIRITUAL**
