The Shadow and the Act Walton M. Muiyumba, 2009-08-01 Though often thought of as rivals Ralph Ellison James Baldwin and Amiri Baraka shared a range of interests especially a passion for music Jazz in particular was a decisive influence on their thinking and as The Shadow and the Act reveals they drew on their insights into the creative process of improvisation to analyze race and politics in the civil rights era In this inspired study Walton M Muiyumba situates them as a jazz trio demonstrating how Ellison Baraka and Baldwin's individual works form a series of calls and responses with each other Muiyumba connects their writings on jazz to the philosophical tradition of pragmatism particularly its support for more freedom for individuals and more democratic societies He examines the way they responded to and elaborated on that lineage showing how they significantly broadened it by addressing the African American experience especially its aesthetics Ultimately Muiyumba contends the trio enacted pragmatist principles by effectively communicating the social and political benefits of African Americans fully entering society thereby compelling America to move closer to its democratic ideals
