Spirituality in Practice Dr. Akbar Husain,Dr. Ruchi Singh,2020-07-15 Spirit is a frame of reference for a living a spiritually healthy life It is a store house of spiritual experiences and encompasses enormous resources within its folds Despite being laden with fruits of benefits we rarely harness our spiritual core As a result we have become ignorant of our real pursuit and are wandering aimlessly to meet materialistic ends Thus the need of the hour is to unveil its potentialities and become liberated from clasp of ignorance This calls for the realization of spirit as a universal entity requiring holistic consideration which in turn allows one to overcome our shortcomings and thereby facilitate perfection in us Further the realization of spirituality helps in alleviation of our problems and achieving of meaningful existence in the world and hereafter Thus the author of the book dwelled upon the essence of spirituality and the means to facilitate its practice This book provides framework to the Mental Health Practitioners regarding the ways to practice spirituality in everyday life This book also offers a fresh holistic and practical framework for the integration of spirituality in psychology This book has 10 chapters focusing on what is spirituality and the practicing domains of spirituality at the individual healthcare and organizational levels This new book introduces psychology of spirituality in a lucid manner to allow the practitioners and readers to avail maximum benefits out of it **Leadership Wholeness, Volume 1** Thomas Thakadipuram,2023-01-01 This

Awareness Alone Nicholas Frost, 2021-05-25. There is one indivisible real substance that is absolutely aware. No one has ever been able or will ever be able to prove that anything exists outside it. It is literally all that you and I can ever be. Understanding that there is no Other beyond endless becoming born of desire and fear we should accept ourselves as eternal awareness alone. The goals of this factual text are specific: 1 To affirm the utter transparency of ourselves as effortless existence awareness 2 To affirm the world's manifestations as nothing but organs and conditions of borderless existence awareness 3 To reconcile awareness in its modes of feeling and volition potential and kinetic 4 To deconstruct all limiting paradigms of border person ego name form time space cause change duality context body independent arising death 5 To affirm awareness as ever absorbed singular beyond polarised notions of subject and object. Those who entertain the notion that consciousness is some kind of evolutionary product that evolves from unconscious states without ever offering a single example of how this happens will resist the proofs in this book that the absolute condition of

existence is consciousness itself and that these words and these worlds are its eternal affirmation Even a cursory summary of our position reveals its absoluteness in that body senses feelings and thoughts function effortlessly as expressions of boundless profundity Meanwhile our experience at any moment is absolute never polarised as seer and seen self and other The apparent infinite ramification of awareness as ego sense feeling thought imagination memory and so forth prevents us from surrendering in awe at awareness sole and extraordinary presence Our confusion lies in the perceived hiatus between absolute receptivity feeling and absolute volition power of concentration whereby awareness is obscured as ideas and their forms name atom time space cause Observe this pulsing this becoming of awareness Without utter receptivity how could anything be discerned How can awareness modify where the context is ever itself And where is the border between limited and limitless The issue turns on a single question To whom does any idea action displacement etc occur Who is the witness and dancer of all phenomena We must embrace the necessity for enquiry our responsibility for suffering and its cause limitation All our phantom boundaries mental conventions entrenched by habit are exposed as the thieves and dictators that they are What is ignorant suffers is born and dies is lost Ego that seeker desirer little I definer fixator achiever phantom gatekeeper material idea superimposition dictates experience enforcing the lie that forms independently arise where we drown in relativities and knowledge by inference and labelling replaces that of identity and our obsessively built personae amount to no more than cardboard cutouts Beyond self distraction beyond the clamour to build an ideational machine paradise beyond endless fear that we will cease to be our rock and role is to be as we are Peace is the goal a permanent security beyond the see saw of need dependency and dissatisfaction Yet there s no patience no surrender without understanding To deconstruct brings us detachment which opens the way to an effortless joy We then wear the world s jewels lightly knowing them to be the very delight of the Supreme While we ever appear to act we don t cling to action s seeds and consequences We become transparent simple ever now ever here borderless eternal If this text appears persistently abstract or solipsistic or impractical or absurd chew on it in bits with patience The writer has oftentimes hesitated fearing that a plethora of words only adds to the problem In the end he points a finger to the sun plays tunes on the strings of our ever present awareness so that each utterance seeks to be a nugget a homecoming Our liberation does not lie in the passage of time or experience or any future state It lies in surrender to an unutterable miracle that we are one effortless absolute aware presence that while appearing to pulse as a relentless becoming ever affirms its own borderless freedom About the Author Australian author educator director composer and yoga teacher His fiction and non fiction works address core psychological and philosophic dilemmas [Life Manual- How to Live Life](#) AiR - Atman in Ravi,2020-10-21 We all know how to use and make the most of our gadgets and gizmos because we read the Operating Manual of each device or appliance that we buy Unfortunately we have not read the Operating Manual of Life We don t realize what Life is all about and before we know it life is over We are left with regrets that we did not do what we wanted to do Instead of living a life of

Joy and Peace we suffer in misery and sorrow This book can change all that It is a Life Manual that has guidelines on how to make the best of our life It inspires us with the do s and the don ts as it discloses what this product called Life is all about Each chapter investigates an important aspect of life that will help us and lead us to enjoying every moment that we live The Troubleshooting Guide and FAQs Frequently Asked Questions at the end of the book not only make for an interesting read but also comprehensively address challenges we all face We have read so many Manuals and we have become experts in operating the gadgets in our life Now it s time to read a Manual about Life itself Discover how to live Life
