Bloodroot Robert F. Jones, 2015-07-21 From the acclaimed author of *Blood Sport* and *Blood Tide* comes another impressing original work of twisted fiction In the beginning was the Oak its hungry roots reaching deep into the earth its gnarled limbs searching the distant heavens Two hundred years ago Obediah Magrute worshipped the Oak and died violently beneath it feeding it with his blood and bone shouting his chilling curse to the skies Now Laura and Mark Avery have come to the bustling little Vermont village They have given up their frenetic city life to settle in the old Eldridge Place and to start their family Quiet and quaint the village is nestled among the rolling green hills of Hubley's Gore For centuries the inhabitants of the little farming village had tilled the soil eking out a living from the harsh land bound together by time by ties of kinship by their battle against the savage elements and by the dark secret in their midst Silent supreme it held sway over them Buried deep in the soil in the heart of the dense forest in the soul of the living wood it commanded the very elements It demanded obedience and unholy worship and sacrifice Laura and Mark are not superstitious though They find the local legends charming But as the seasons turn and the full moon rises people die in Hubley's Gore in thrall to an ancient terrible power Skyhorse Publishing as well as our Arcade Yucca and Good Books imprints are proud to publish a broad range of books for readers interested in fiction novels novellas political and medical thrillers comedy satire historical fiction romance erotic and love stories mystery classic literature folklore and mythology literary classics including Shakespeare Dumas Wilde Cather and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes

overlooked and to authors whose work might not otherwise find a home **Bloodroot (*Sanguinaria Canadensis*)** Mary Lorraine Predny,2005 Bloodroot *Sanguinaria canadensis* is a spring blooming herbaceous perennial found mainly in rich woods throughout the Appalachian Mountain regions and across the Eastern United States The common name bloodroot and scientific name *Sanguinaria* denote the blood red sap found throughout the plant particularly in the roots This sap contains the alkaloids that make this plant so valuable Native Americans used bloodroot as a dye love charm and medicine European colonists adopted Native American medicinal uses to suit their own needs Bloodroot was described in pharmacopoeias as early as the 1800s with detailed descriptions of the plant constituents therapeutics and case studies The popular use of herbal remedies declined in the 1920s with the development of the pharmaceutical industry though there has been a renewed interest in herbal medicine as research confirms the efficacy of some traditional uses Bloodroot is still wildcrafted in the United States for domestic and international uses This report describes the characteristics and growth habits of bloodroot summarizes the various uses of the herb reviews the global market and trade examines the conservation status of the plant and identifies needs for future research

Beneath The Bloodroot Bloom Drac Von Stoller, 2025-04-26 The scent of magnolias hung heavy and sweet in the humid Southern air a stark contrast to the bitter tang of resentment that often settled in Helga Flowers soul She moved through the grand kitchen of the Thorne plantation like a phantom her hands calloused but quick her eyes sharp but weary Helga was a cook a damn good one according to anyone who wasn't a Thorne and a gardener a whisperer to the soil according to the vibrant life that bloomed under her care But here beneath the imposing roof of Thorne Manor her skills were less appreciated than her subservience was demanded Mrs Martha Thorne a woman whose elegance was as sharp as her tongue found fault in every dish every flavor every texture Mr Henry Thorne a man of imposing stature and short temper merely echoed his wife's complaints his booming voice rattling the very china Helga so carefully prepared Their children Jack and Susan were spoiled petulant echoes of their parents demanding and dismissive The chicken is dry Helga Martha's voice shrill and cutting would slice through the quiet morning Did you even look at it while it was cooking It's an insult to my table Helga her face a mask of practiced humility would murmur My apologies ma'am I shall endeavor to do better Inside a knot of frustration would tighten She knew that chicken was cooked to perfection juicy and tender The truth was Martha simply enjoyed finding fault It was a performance a reminder of the vast chasm between mistress and servant Her refuge was the garden Away from the clatter of the kitchen and the oppressive weight of the manor Helga knelt in the earth feeling the cool soil between her gloved fingers The vibrant colors the delicate petals the silent persistent growth this was where she could

breathe She knew the language of the flowers the audacious climb of the morning glory the shy droop of the violet and the stark white purity of the bloodroot pushing up through the damp soil in early spring its hidden power a secret she held close It was in the garden too that she found John The handyman was quiet and strong with eyes the color of warm earth and hands skilled at repairing what was broken He moved with a quiet grace that belied his strength and he often stopped to observe her work among the flowers One afternoon as Helga carefully pruned a wilting rose bush John appeared beside her his presence a comforting warmth Those thorns look vicious he remarked his voice low Helga smiled a rare genuine smile that softened the lines of exhaustion around her eyes They are she replied snipping away a dead cane But the beauty they protect is worth a few pricks He watched her for a moment the afternoon sun catching the fine dust in the air around them You have a way with them Helga The whole garden thrives under your touch His words were a balm to her soul a recognition of her skill that the Thornes would never offer Their conversations were infrequent stolen moments behind the stable or along the back path but they were threads of light in her otherwise gray existence They talked of simple things the changing seasons the stubbornness of certain weeds the distant possibilities of a life beyond the plantation gates John s touch was hesitant at first a brush of his hand against hers as he helped her lift a heavy bag of soil a gentle touch on her arm as he pointed out a particularly vibrant bloom But the quiet understanding between them deepened evolving into something more tender more profound than mere friendship It was a secret bloom itself hidden beneath the surface of their daily lives nurtured in stolen glances and hushed whispers Martha however had eyes that missed nothing She saw the way John lingered near the kitchen garden when Helga was working the way their eyes met across the yard the subtle shift in Helga s demeanor when he was near A flicker of suspicion ignited in her quickly fanned into a smoldering certainty How dare the cook the hired help presume to have such feelings such a connection with anyone let alone one of the plantation s workers It was an affront to the established order a personal insult to Martha s sense of propriety and control Martha s cruelty already a constant hum beneath the surface escalated She became a hawk watching Helga s every move She would summon Helga to the dining room for the most trivial reasons interrupting her work at crucial moments She would inspect the kitchen with a white glove searching for a single speck of dust to condemn One particularly trying morning Helga had prepared a delicate breakfast tray for Mrs Thorne complete with fresh fruit warm pastries and a perfectly brewed pot of tea As she carried it carefully towards the main house Martha emerged from the doorway her face set in a mask of manufactured displeasure Helga she said her voice deceptively soft that tray looks precarious Are you sure you can manage it Before Helga could answer Martha took a step forward her hand subtly extended It looked like an accidental stumble a slight loss of balance but Helga saw the deliberate gleam in her eye Martha s hand connected with the edge of the tray sending it tumbling to the ground with a crash China shattered fruit rolled across the dusty path and the fragrant tea pooled into dark puddles Helga stood frozen for a second the mess a physical representation of the chaos Martha deliberately created Oh dear Martha said

her voice dripping with false concern How clumsy of you Helga Look at the mess you ve made Now you ll have to clean this up of course and then prepare a new tray And make haste I m quite hungry Helga bit back the retort that threatened to spill from her lips She simply nodded her jaw tight and began to gather the broken pieces of pottery her hands trembling slightly The humiliation burned hotter than any oven Helga had ever tended Martha s deliberate acts of sabotage became more frequent She would accidentally spill wine on a freshly laundered tablecloth Helga had ironed misplace ingredients Helga needed for a specific recipe or forget to inform Helga of unexpected guests until the last possible moment creating a frantic rush in the kitchen Each incident was designed to undermine Helga to make her feel incompetent and inadequate
