Pharaoh and Herod to Society Dr. James Banks, 2024-07-17 Ultimately this writing is made to help all families deal with the attack from the inside that will eventually cause a complete separation having no boundaries in place for the children This leads to putting the child in the direction of constant battles to comprehend why their life is no longer at its best but has become increasingly abnormal The Pharaohian and Herodian syndrome will make ways to constantly divide change and take away what should be given to the child in every family unconditional love However if you must deal with the redheaded stepchild syndrome RSS it can turn your whole life around to put you in a seemingly no win situation where you may suffer in silence Today I ask you to take the mask off externally and deal with the intrinsic feelings from within This will begin to illuminate the real you and keep you in a remorseful state after you know that you were under attack to create chaos in your life Let your heart turn to the child and his/her heart will turn to you After you have taken things for a season which is not a lifetime move into the restoration period for all lives involved To know restoration is to know who our redeemer is Christ May your life and days be enriched from this day forward Nothing you went through will be wasted It will all be used for the glory of God Your salvation was paid in full and now is the time to live for the overflow in the harvest you cultivated To God be the glory

The Federal Writers Project created during the Great Depression of the 1930s hired unemployed white collar workers to write guidebooks to each state and major city Some projects interviewed former slaves Although these slave narratives have been published those of the Louisiana Writers Project have lain dormant for almost fifty years For the first time these narratives appear in print They provide a graphic and moving portrait of life during and after slavery The narrators describe punishment marriage religion food medical treatment and cures funerals war education witchcraft spirits and other subjects The fascinating story that emerges is one that no novelist could contrive nor historian construe Voices once mute pens once stilled leap to life For it is their story those former slaves and their work those members of the LWP their most enduring legacy
