Blood Money Power:

The Power of the Occult in Modern Africa James Kiernan, 2006 The occult is a framework of ideas and related practices that is drawn upon as a common resource to provide an understanding of how an apparently random world really works Based mainly on experiential research in a range of African societies the essays in this volume examine the relevance of the occult to a variety of social concepts and contexts These studies stress three features of the occult in modern Africa 1 as an explanatory and tactical device it is resilient 2 it is malleable with a capacity to absorb and assimilate new elements 3 it is flexible and adaptable to emerging situations and novel circumstances Of interest to specialists in the fields of religion social science and African studies this book will benefit the general reader interested in the occult and its relevance to modernity and globalisation

Lovecidal Trinh T. Minh-ha, 2016-07-18 In this new work renowned feminist filmmaker and postcolonial theorist Trinh T Minh ha offers a lyrical philosophical meditation on the global state of endless war and the violence inflicted by the imperial need to claim victory She discusses the rise of the police state as linked for example to U S military intervention in Iraq and Afghanistan or to China s occupation of Tibet examining legacies of earlier campaigns and the residual effects of the war on terror She also takes up the shifting dynamics of peoples resistance to acts of militarism and surveillance as well as social media and its capacity to inform and mobilize citizens around the world At once an engaging treatise and a creative gesture Lovecidal probes the physical and psychic conditions of the world and shows us a society that is profoundly heartsick Taking up with those who march both as and for the oppressed who walk with the disappeared to help carry them forward Trinh T Minh ha engages the spiritual and affective dimensions of a civilization organized around the rubrics of nonstop governmental subjugation economic austerity and highly technologized military conflict In doing so she clears a path for us to walk upon Along with our every step the world of the disappeared lives on

HyperHumanity Mike Hockney, 2013-07-28 Humanity is a single biological species but has split into two different mental species labelled Mythos and Logos The Mythos species is driven by emotional stories not by facts evidence or rational arguments Even scientific materialism is a Mythos the sensory Mythos which asserts that rational unobservables undetectable by the senses simply cannot exist The Enlightenment the Age of Reason was when Logos humanity came to the fore HyperHumanity is the upgrade of Logos humanity that advocates Hyperrationalism Old Humanity stuck in its irrational Mythos past will become extinct The future is about the new human race HyperHumanity Do you belong to the Illuminated Ones the Shining Ones the Divine Ones or are you on your knees to some story book God an irrational market or irrational devotion to your physical senses HyperHumanity is not here to help Old Humanity It is here to replace it We are the true human race that which seeks to claim its rightful prize divinity
