treasures in their hands they must regain Roman territory by crossing the unforgiving wilderness that was the graveyard of Roman imperial strategy two hundred years before And capture by the Bructeri s vengeful chieftain and his warband can only end in one way a horrific sacrificial death on the tribe s altar of blood *The Mikado's Empire* Griffis,1876 **The Mikado's Empire** William Elliot Griffis,1877 **Official Reports of the Debates of the House of Commons of the Dominion of Canada** Canada. Poetry should be transitive and deal with something other Thus a doorway offers transition liminal space an invitation a going across into possibly numerous somethings other We can t assume however that the door is always open if closed we need to open it A doorway can confront us Have we the courage to reach for the handle Given the horrors of 2020 and 2021 we must open the door both to grieving and thanksgiving The poems here are midrashim Midrash is a reflection on scripture These poems first imagine passages and stories from the Bible and then reimagine them they build stages create and breathe life into characters and landscape biblical passages with new often challenging backgrounds Many of the poems here have religio political subtexts The poems speak of darkness the things that darken our country and our hearts but they also speak of the life giving lights of mystery wonder and thanksgiving the things that give us hope As writer and poet Louise Erdrich tells us This is how our lives complete themselves as effortless as weather circles blaze in ordinary days and through our waking selves they reach to touch our true and sleeping speech **Duvalier's Ghosts** Jana Evans Braziel,2017-05-24

Urgently pursues those nameless ghosts of Haitians lost in the liminal space of the Black Atlantic New West Indian Guide Foregrounds the experiences of refugees particularly those refused asylum and detained in camps the political mobilization of the diaspora in the United States the ramifications of the policies and adjustment programmes imposed on Haiti by the World Bank the International Monetary Fund and USAID Bulletin of Latin American Research Theoretically sound and well researched Braziel has written a compelling book on the literatures of post Duvalier Haiti Millery Polyne New York University A very original study a tour de force that crisscrosses the disciplinary boundaries typically separating the social sciences and the humanities It is richly researched beautifully written and will surely attract much critical attention and praise Valerie Kaussen University of Missouri From a position of urgent political engagement this provocative book offers novel and compelling interpretations of several well known Haitian born authors particularly regarding U S intervention in their homeland Drawing on the diasporic cultural texts of several authors such as Edwidge Danticat and Dany Laferriere Jana Evans Braziel examines how writers participate in transnational movements for global social justice In their fictional works they discuss the United States many interventionist methods in Haiti including surveillance foreign aid and military assistance Through their work they reveal that the majority of Haitians do not welcome these intrusions and actively criticize U S treatment of Haitians in both countries Braziel encourages us to analyze the instability and violence of small nations like Haiti within the larger frame of international financial and military institutions and forms of imperialism She forcefully
