Blood Relations Roger Wilkes,1995-01-01 **Blood Relations** Roger Wilkes,2020-06-04 In the early hours of 7th August 1985 five members of the Bamber family were shot dead with a 22 calibre Anschutz rifle Sheila Caffell who was known to have struggled with mental illness was at first thought to have murdered her twin sons and adoptive parents and then to have turned the gun on herself Forensic evidence however told a different story and raised such questions as how Sheila could have received two shots in an act of suicide A year later it was Jeremy Bamber the only survivor who was convicted of the callous murders of his entire family He is currently serving a life sentence but continues to protest his innocence In this the first full account of the case Roger Wilkes bases his story around specially commissioned forensic research personal interviews with Jeremy Bamber and previously undisclosed accounts and witness statements Extraordinary and shocking it is a story that would defy the imagination of fiction writers **The Murders at White House Farm** Carol Ann Lee,2016 The definitive account of a crime that shocked the country and continues to fascinate today On 7 August 1985 Nevill and June Bamber their daughter Sheila and her two young sons Nicholas and Daniel were discovered shot to death at White House Farm in Essex The murder weapon was found on Sheila s body a bible lay at her side All the windows and doors of the farmhouse were secure and the Bambers son 24 year old Jeremy had alerted police after apparently receiving a phone call from his father who told him Sheila had gone berserk with the gun It seemed a straightforward case of murder suicide but a dramatic turn of events was to disprove the police s theory In October 1986 Jeremy Bamber was convicted of killing his entire family in order to inherit his parents substantial estates He has always maintained his innocence Drawing on interviews and correspondence with many of those closely connected to the events including Jeremy Bamber and a wealth of previously unpublished documentation Carol Ann Lee brings astonishing clarity to a complex and emotive case She describes the yearsof rising tension in the family that culminated in the murders and provides clear insight into the background of each individual and their relationships within the family unit Scrupulously fair in its analysis *The Murders at White House Farm* is an absorbing portrait of a family a time and a place and a gripping account of one of Britain s most notorious crimes *The Essential Mystery Lists* Roger M Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher s Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for *The San Francisco Chronicle* *Ellery Queen Mystery Magazine* and *The New York Times* From these resources Mr Sobin created Boucher s Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942

through Boucher's death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction Murder Shani D'Cruze, Sandra Walklate, Samantha Pegg, 2013-06-17 This book seeks to unravel the issues associated with the crime of murder providing a highly accessible account of the subject for people coming to it for the first time It uses detailed case studies as a way of exemplifying and exploring more general questions of socio cultural responses to murder and their explanation It incorporates a historical perspective which both provides some fascinating examples from the past and enables readers to gain a vision of what has changed and what has remained the same within those socio cultural responses to murder The book also embraces questions of race and gender in particular cultural constructions of masculinity and femininity on the one hand and the social processes of forgetting and remembering in the context of particular crimes on the other Particular murders analysed included those of Myra Hindley Harold Shipman and the Bulger murder *British Murder* William Wright, 2019-01-15 100 years 500 victims 119 murderers from the famous Crippen Shipman to the obscure but no less fascinating Albert Walker Rhoda Willis and others who were condemned but potentially innocent **The British National Bibliography** Arthur James Wells, 1995 **Giant Book of Murder** Book Sales, Inc., 2005-08 This book a collection of extraordinary cases from history and the present day explores the story of murder and science from the forensic dark ages to the forensic detection of the twenty first century The Wallace Case Roger Wilkes, 2021-06-03 It is a formidable indeed a damning indictment and Wilkes presents the result of his detective work with journalistic panache P D JAMES Times Literary Supplement Roger Wilkes's seminal book lays out the facts one of the great unsolved murders of the century CRAIG TAYLOR Guardian I call it the impossible murder because Wallace couldn't have done it And neither could anyone else The Wallace case is unbeatable it will always be unbeatable RAYMOND CHANDLER Who really killed Julia Wallace The final verdict Ever since that terrible night in January 1931 when the body of Julia Wallace was found in her Liverpool home her head crushed by violent blows the identity of her killer has remained a mystery Her husband William was accused tried convicted and sentenced to hang for murder but he was then acquitted in a sensational appeal court judgement Yet the police refused to reopen their investigation So who did kill Julia When Roger Wilkes started researching a dramatised radio documentary for Liverpool's Radio City he uncovered new evidence which suggested a disturbing story a crucial witness ignored by the police even a suggestion of a deliberate cover up Finally he provides compelling evidence as to the identity of the real killer **The Poisoned Bowl** Alisdare Hickson, 1995 The architecture and organization of today's boarding school is to a great extent the product of over one hundred years of homophobia One might imagine that the post Tom Brown evolution of the boarding school was conditioned by the gradual ascendancy of liberal reformers over uncompromising traditionalists Such a verdict would be highly misleading for the great reforming headmasters also had an illiberal agenda the desire to manage the sexuality of adolescent boys and above all to prevent any manifestation of homosexuality Dr Hickson puts forward his thesis at the outset based on evidence drawn from

biographies novels diaries and school histories but the greater part of the book is made up of anecdotal accounts and memories obtained by the author from old boys of various backgrounds including generals members of parliament headmasters and leading figures from the clergy the legal professions and the City
